

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### **Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### **About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

REPORT  
OF THE  
AUDITOR OF STATE

COMPLIMENTS OF

ROBERT C. DUNN,

STATE AUDITOR.

---

TRANSMITTED TO THE LEGISLATURE OF THE  
TWELFTH BIENNIAL SESSION, 1903.

---

ST. PAUL, MINN.:  
THE PIONEER PRESS COMPANY  
STATE PRINTERS  
1903.

REPORT  
OF THE  
AUDITOR OF STATE

TO THE  
LEGISLATURE OF MINNESOTA. *Auditor's  
office*

FOR THE  
FISCAL YEARS ENDING JULY 31, 1901, AND JULY 31, 1902.

-----  
TRANSMITTED TO THE LEGISLATURE OF THE  
TWELFTH BIENNIAL SESSION, 1903.

-----  
ST. PAUL, MINN.:  
THE PIONEER PRESS COMPANY  
STATE PRINTERS  
1903.

STATE OF MINNESOTA,  
OFFICE OF AUDITOR AND LAND COMMISSIONER.

*To the Legislature:*

GENTLEMEN:—I have the honor to submit the following report, showing the transactions of the state treasury and the business of this department for the fiscal years ending July 31, 1901, and July 31, 1902, also the proceedings of the State Board of Equalization for the year 1902, and an abstract of the real and personal property assessments as equalized by the state board.

ROBERT C. DUNN,  
*State Auditor and Ex-Officio Commissioner of the State Land Office.*

NOV 15  
1932

# REPORT

## OF THE

# AUDITOR OF STATE

AND EX-OFFICIO COMMISSIONER OF THE  
STATE LAND OFFICE

FOR THE

TWO FISCAL YEARS ENDING JULY 31, 1902.

### STATE FINANCES.

The legislature of 1901 (Chap. 350, G. L. 1901) provided for a tax levy for state purposes for the year ending July 31, 1902, of \$760,000 and provided that the rate should not exceed one and three-tenths mills (1 3-10), and for the year ending July 31, 1903, a levy of \$800,000 was provided for with the same limitation as regards the rate. This year, owing to the large increase in the amount of gross earnings paid by the railroads, the splendid showing made by the Board of Control, and the very preceptible increase in the valuation of real and personal property, we concluded that a rate of one mill would produce all the revenue necessary.

Annexed hereto are the customary estimates of the receipts and disbursements of the state for the years 1903, 1904 and 1905. The figures are conservative. If present conditions continue the railroad gross earnings taxes will exceed the figures given. The legislature can with safety appropriate \$800,000 for new buildings for the period ending July 31, 1905, but if a much larger sum is appropriated, the rate of taxation for state purposes must of necessity be increased; certainly a one-mill rate would not produce sufficient revenue unless there was a marked increase in the valuation of the taxable property of the state.

## TAXES SHOULD BE LEVIED IN SPECIFIC AMOUNTS.

The rate of taxation for all state purposes this year is 2.53 mills, apportioned as follows: State revenue, one (1) mill; funding tax fund, two-tenths (2-10) of a mill; soldiers' relief fund, one-tenth (1-10) of a mill; general school tax, one (1) mill; university, twenty-three hundredths (23-100) of a mill. If the valuation of the state continues to increase yearly, as it undoubtedly will, it would seem to be good policy to levy state taxes (save the one-mill school tax) in specific amounts, and let the State Auditor fix the rate. On the present valuation the twenty-three hundredths (23-100) of a mill university tax will produce a revenue in round numbers of \$178,000. What objection can there be urged against making an annual appropriation of say \$180,000 for the support of the university? If a 23-100 of a mill tax will produce sufficient revenue on a valuation of

\$761,000,000, there is no sense in continuing the rate at 23-100 of a mill if the valuation should be increased twenty-five or fifty per cent. If property was assessed at its full cash value certainly such a fixed rate would produce more revenue than would be required. This also applies with equal force to the soldiers' relief fund tax.

THE FOUR PER CENT GROSS EARNINGS TAX.

Our biennial report to the legislature of 1899 contained a strong recommendation for an increase in the gross earnings tax paid by railroad companies from three to four per cent. That recommendation was made in good faith. We believed then, and believe now, that the railroads are not bearing their just proportion of the burdens of taxation. The legislature of 1901 enacted the necessary legislation (Chap. 150, G. L. 1901) providing for an increase in the gross earnings tax to be paid by railroads. Unfortunately, at the recent election a majority of the voters failed to ratify the action of the legislature. This office stands by its recommendation with reference to the railroad gross earnings tax made to the legislature of 1899, and earnestly recommends that Chapter 150, General Laws of 1901, or a similar proposition, be again submitted to the people of the state.

In connection with the proposed increase in the gross earnings tax we deem it our duty to call the attention of the legislature to a phase of the subject that has not been heretofore mentioned or discussed. Section 5, article 9 of the Constitution provides that: "For the purpose of defraying extraordinary expenditures, the state may contract public debts, but such debts shall never, in the aggregate, exceed \$250,000." \* \* \*

Sc. 353, Stat. of Minn., 1894, authorizing the State Treasurer to borrow and use temporarily from funds having an available balance in the treasury two hundred thousand dollars, or as much thereof as may be necessary, to supply any deficiency that may exist in the revenue fund. \* \* \*

Sec. 519, Stat. of Minn., 1894, authorizes the Governor, State Auditor and State Treasurer, whenever, in their judgment, it becomes necessary, in order to meet the current demands on the revenue fund for the payment of appropriations from said fund, to make agreements with banks, or other corporations or persons, to pay warrants issued against the revenue fund in the payment of any claim or demand upon said fund for the payment of which the legislature has made or hereafter may make an appropriation, and to pay interest on such warrants until the state treasury can redeem the same, at a rate not exceeding six per cent per annum, provided that the amount of such warrants outstanding at any time shall not exceed one hundred thousand dollars.

For the biennial period ending July 31, 1902, the total amount of revenue covered into the state treasury was \$5,665,159.60, as follows:

State taxes .....	\$1,679,538.93
Railroad taxes .....	3,098,646.18
All other taxes .....	581,741.20
Fees and fines.....	305,233.29

---

\$5,665,159.60

It will be seen at a glance that the railroads pay considerably more than one-half of all the taxes paid into the state treasury. The revolving funds and permanent trust funds cut no figure whatever in the state's revenue proper.

Towards the close of almost every year it becomes necessary for the treasurer to borrow temporarily from other funds \$200,000, as provided for by section 353, above referred to, and it also becomes necessary to borrow the full amount of \$100,000 authorized by section 519, Stat. of Minn., 1894. This is done in anticipation of the railroad taxes, which are required to be paid on or before the first day of March in each year (Sec. 1667, Stat. of Minn., 1894).

If for any reason long drawn out litigation resulted over a proposed increase in the gross earnings tax, and should the railroads refuse to pay any taxes pending a final disposition of the matter by the courts, the state would be placed in a serious predicament. Under the present valuation it would require an additional state tax of about two and one-half mills to produce a revenue equal to the amount at present paid by the railroad companies.

In view of possible contingencies it seems to me that section 519, Stat. of Minn., 1894, should be amended so as to permit the state officers (Governor, Auditor and Treasurer) to borrow a much larger amount than \$100,000, if it should become necessary to do so, in order to provide sufficient funds for the support of the state government, provided such authorization would not conflict with section 5, article 9 of the Constitution. This matter, in my judgment, is worthy of the most serious consideration of the legislature.

#### TAX REFORM.

In my report to the legislature for the biennial period ending July 31, 1900, considerable space was devoted to showing the necessity for tax revision. The legislature of 1901 provided for the creation of a tax commission, and said commission's report was considered at an extra session of the legislature in 1902. The tax code reported by the commission was elaborate and comprehensive, and when first submitted met with great public favor. But later, after the measure had been more thoroughly discussed, some of its provisions were considered too drastic and too wide a departure from the old established usages and customs, and a strong opposition to the enactment of the code into a law was developed within and without the legislature. The outcome was the defeat of the bill as a whole, and the adoption (substantially) of that portion of the tax commission's report which pertained to the collection of taxes levied against real estate. Several constitutional amendments relating to taxation were enacted and submitted to the people of the state at the recent general election, but unfortunately, owing to lack of interest on the part of those voting at the election, all of the amendments were defeated.

While the results of the attempt to obtain a better system of laws for the assessment and collection of taxes are far from satisfactory to the friends of tax reform, still the discussions in the legislature, in the press and on public platforms have been productive of much good in awakening public interest in the matter.

Respecting further tax legislation, it is my judgment that a further attempt should be made to secure to the legislature, by proper constitutional amendment, much larger powers of legislation than it now possesses. Until such relief is afforded, the legislature can, at best, accomplish only very unsatisfactory results. If the legislature is to attempt anything, under the present form of the constitution, it should be along lines indicated by the tax commission's proposed code. Further "tinkering" of the present law will be likely to tend to greater confusion. Perhaps it would be the wise course for the legislature to address itself at the next session to the single question of constitutional relief. It would engender less hostility, conduce to a clearer conception of what is really needed, and might be attended with happier results at the polls. What course the legislature should adopt in such regard can, however, be best determined by the views of its members as to when such relief can reasonably be hoped for.

The state has entered upon an era of tax reform, and all experience teaches that such reforms must be preceded by popular education upon the subject. It is unfortunately a subject upon which the masses have little scientific knowledge, and one, too, which is embarrassed by many strongly-grounded prejudices. While reform will be slow, the effort should be continuous.

#### TAXATION OF IRON MINES.

This office, under the administration of the present Auditor, has consistently favored the taxation of mines and mining property on a direct valuation basis, and, as consistently, has opposed the tonnage tax system of taxation. It was in response to an inquiry from this office in the spring of 1896 that Hon. H. W. Childs, the then Attorney General, in a comprehensive opinion held that the one per cent per ton tax was unconstitutional. In that opinion he said, "However wise and salutary the provisions of such a law, I am unable to reach any other conclusion that that they are clearly in violation of the constitution, and void." Our supreme court (71 Minn. 283) held that, "It would be difficult to conceive of a system of taxation more obnoxious to the constitution." The tax commission was clearly of the opinion that a tonnage tax would not be constitutional (Sec. 6, page 43, tax commission's report). More recently, last February, in the case of the State vs. Canda Cattle Car Co., (85 Minn. 458) it was held that the law of the state of Minnesota imposing a tax of two per cent upon the property of cattle car companies used within the state, was unconstitutional. The court said:

But where the method adopted is a tax upon property based upon valuation, the rate imposed must be uniform and apply alike to all who are thus taxed. The property of one citizen may not be taxed at a greater rate than that of another. And, however difficult it may be to obtain equality in other respects, a uniform tax rate may and must be imposed in this class of taxation.

The act under consideration fixes a uniform rate of two per cent upon the valuation of the property of corporations coming within its operation, while the general rate of taxation upon other property in the state is fixed and determined by the amount of taxes necessary to be raised for the purpose of defraying the public expenses. It may be one, two, three or four per cent. The contention of defendant is that the rate so fixed by the act is in violation of the equality provision of our constitution and consequently void. We think, for reasons already stated, defendant's position must be sustained.

In this case the cattle car companies were required to file with the State Auditor a statement showing the number of shares of their capital stock, the par and market value thereof, the value of real estate owned by them in the state, the length of lines of railway over which their cars are run, the length of so much of such lines as is without and within the state, and the whole number of the cars owned and operated by them. On this information the state board was required to assess the value of the property used in the state, and the court held that the law imposing an assessment of two per cent was unconstitutional, although this might be less than the taxes imposed on other property for the same year.

Admitting, for the sake of argument, that a tonnage tax would be constitutional, it would be unwise to impose it, because the present system is clearly constitutional, and is yielding the state, the county and the local communities a very large revenue, without requiring any additional machinery to enforce the collection of the taxes levied. Under the present system the assessment can be increased from time to time should the value of the property warrant it. Furthermore, the tonnage tax works an injustice not only to the local communities, but to the parties interested.

Iron ore varies in value 100 per cent. A tax of four or six per cent per ton on cheap grades of ore is not uniform with a tax of four or six cents per ton on high grade ores. Again, should one or more mines happen to shut down in any locality for a year the local community would get no taxes. The local communities largely depend upon the taxes derived from the mines to support their schools, village and township governments. The mining companies were satisfied with the one cent per ton tax, and they undoubtedly would prefer a tonnage tax in preference to any other method of taxation, provided the tonnage tax imposed was low enough, but the local communities and the people of St. Louis county would not be satisfied, and who could blame them, as it would be clearly unjust to them.

This year the St. Louis County Board of Equalization, largely through the insistence of Auditor Halden of that county, increased the assessment of the mining companies by \$18,000,000, and the mining companies will be required to pay taxes on an assessment of over \$30,000,000, which means that they will be obliged to pay more than \$600,000 in taxes on this year's valuation of their property. In 1904, when real estate is again assessed, it is fair to presume that, if conditions warrant it, the county board of St. Louis county or the State Board of Equalization will insist upon another substantial increase in the assessment of the mining companies.

#### STATE BOARD OF EQUALIZATION.

The proceedings in detail of the State Board of Equalization for the year 1902 will be found (commencing) on page 386. In my first report to the legislature the precedent was established of incorporating in the report the proceedings of the board for the current year. The board that concluded its labors last October is to be commended for the systematic and thorough work performed by it. After the statutory deductions have been made by the county auditors the total taxable value of the real and personal property of the state will amount to about \$761,000,000, while for the year 1901 it was \$600,980,614.

An increase in the valuation of a county or an assessment district does not, as some people erroneously suppose, mean an increase in the amount of taxes required to be paid by the taxpayers of that county or assessment district, save in the matter of state taxes, which are about one-tenth of the whole. The last board of equalization accomplished more in the matter of equalizing valuations as between counties than any preceding board.

If there was not a dollar of direct state taxes to be levied and collected the State Board of Equalization or some similar board would still be necessary. The local taxing officers and local boards of review and equalization are in many instances influenced by local conditions. It is generally the rich and powerful who do the "influencing." It is the duty of the state board to see to it that the property of the rich and powerful and the public service and other corporations is properly assessed, to the end that it may bear its just proportion of the burdens of taxation. The great mass of tax-payers have no special representatives to plead their cause before taxing officers and boards of review and equalization.

#### INHERITANCE TAX.

The state is at present without a law for the taxation of the transfer of property by inheritance.

Chapter 293, General Laws of 1897, was held to be unconstitutional by our supreme court on Feb. 14, 1900. (Drew vs. Tift, 79 Minn. 175.)

Chapter 255, General Laws 1901, was likewise held to be in conflict with our constitution in a decision handed down on Nov. 28, 1902, in the case of State ex. rel. Frye vs. Probate Court of Ramsey County. Chapter 3, General Laws, Extra Session 1902, has not been passed upon by our supreme court, but is, in the opinion of the Attorney General, unconstitutional, for the reason that the rate of tax provided on bequests of others than lineal descendants is in excess of the constitutional limit.

The objections to former laws have been stated in former reports of this office. A new law should now be enacted which would stand the test of the courts and avoid all the objectionable features which have rendered previous laws on this subject ineffective.

The sum of \$7,377.70 has been paid into the state treasury, under the 1901 law. The legislature will be asked to make an appropriation to repay that amount. On pages 72 and 73 of this report will be found a statement in detail of the payments made under the law of 1901.

#### TELEGRAPH TAXES.

For three years past the Western Union Telegraph Company has refused to pay the full amount of tax assessed against it by the State Board of Equalization, the company claiming that the valuation fixed by the state board was excessive and out of all proportion to the values placed upon other property for taxation purposes. For several years, up to and including the year 1898, the state board fixed the valuation of the property of this company at \$865,520, and the tax on that assessment was always paid. In 1899 the state board increased the assessment of the property of the company to \$1,000,000, despite

the vigorous protest of the superintendent of the company. Since then the board has each year fixed the valuation at \$1,000,000, but the company has refused to pay tax on that assessment. For the past three years the company has paid into the state treasury annually, "on account," taxes based on a \$600,000 assessment. The drafts for the taxes on the valuation as fixed by the State Board of Equalization have been placed in the hands of the attorney general to enforce collection of the unpaid balances, and the matter is now in litigation. An early judicial determination of the issues involved in this case is desirable.

#### COUNTY REVENUE.

Section 1558, Statutes of Minnesota, 1894, provides that taxes may be levied for county purposes, the rate of which shall not exceed five mills in any county having a taxable valuation of one million dollars or more. In several of the northern counties, where the valuations range between one and two million dollars, a five mill tax does not produce sufficient revenue to pay the current expenses of county government. As a result the counties with a low valuation are obliged to pay interest at the rate of six per cent on outstanding county warrants. The law should be amended so as to permit a county whose valuation is \$2,000,000 or less, to levy a tax for county revenue purposes, the rate of which shall not exceed one per cent. The legitimate expenses of a county must be paid. It is imposing an additional burden upon the tax-payers of a county to oblige them to pay interest on county warrants when there are not sufficient funds in the county treasury to redeem the same. "Pay as you go" is a good motto for counties as well as individuals.

#### BOARD OF INVESTMENT PROCEEDINGS.

During the past two years the Board of Investment, which is composed of the Chief Justice of the Supreme Court, the President of the Board of Regents of the State University, the Governor, State Treasurer and State Auditor, held seven meetings. Annexed hereto is a synopsis of each meeting of the board.

August 8, 1900.—Members of board present: Gov. John Lind, State Treasurer Koerner and Deputy Auditor Iverson. Treasurer Koerner reported that the investment authorized by the board at the last meeting had been made. On motion of Treasurer Koerner it was voted to purchase \$240,000 of Minnesota state capitol certificates at par. Treasurer Koerner was also directed to obtain an investment for the cash in the state institutions and internal improvement land funds.

March 9, 1901.—Members of the board present: Hon. John S. Pillsbury, President Board of Regents State University, Gov. S. R. Van Sant, State Treasurer Block and State Auditor Dunn. On motion of Treasurer Block it was voted unanimously that one hundred thousand dollars (\$100,000) of Virginia Century bonds should be purchased for the state institutions fund to net 3.10 per cent interest.

July 20, 1901.—Members of the board present: Hon. J. S. Pillsbury, Governor Van Sant, Treasurer Block and Deputy Auditor Iverson. On motion the

Governor, Auditor and State Treasurer were authorized to invest not to exceed four hundred thousand dollars (\$400,000) of the permanent school, permanent university and internal land improvement funds at a rate of interest to net not less than three per cent, investments to be made in state bonds at such times as funds are available. On motion of Mr. Pillsbury it was voted to purchase one hundred thousand dollars (\$100,000) of Utah 3 1-4 per cent bonds for the permanent school fund. Mr. J. J. McCardy's offer to furnish \$100,000 Utah 3 1-4 per cent bonds to net 3.10 per cent was accepted.

Sept. 24, 1901.—Members present: Chief Justice Start, Governor Van Sant, Treasurer Block and Auditor Dunn. On motion of Treasurer Block it was unanimously voted that the Treasurer purchase \$100,000 Massachusetts bonds, and not to exceed \$40,000 Louisiana state bonds, the bonds to net the funds to which they are credited not less than three per cent interest.

Dec. 7, 1901.—Members of the board present: Chief Justice Start, Governor Van Sant, Treasurer Block and Deputy Auditor Iverson. On motion of Judge Start, the Governor, Auditor and Treasurer were authorized to invest the sum of \$400,000 in state bonds within the next four months at a rate of interest to net not less than three per cent on the investments.

Dec. 24, 1901.—Members of board present: Governor Van Sant, Treasurer Block and Auditor Dunn. Several parties presented bids in writing and verbally to furnish one hundred thousand dollars' worth of Massachusetts and the same amount of Louisiana state bonds to net not less than three per cent. The proposition of Popper & Stern to furnish \$100,000 3½ per cent Massachusetts gold bonds, due in 1941, to net three and five-hundredths per cent, and \$100,000 Louisiana 4 per cent bonds, due in 1914, to net three and fifteen-hundredths per cent was unanimously accepted.

On motion of Auditor Dunn the following resolution was adopted:

*Resolved*, That the State Treasurer be and he is hereby instructed and directed to prepare a suitable blank to be used by parties who desire to make proposals to the Board of Investment to furnish state bonds for the investment of the permanent funds of the state; that the Treasurer shall state in said blanks the kind and amount of bonds desired; the proposals must also state the exact cost of the bonds and the exact rate of interest they will net the state; the Treasurer shall furnish blanks to all applicants, and notify all persons who desire to furnish bonds for the investment of the permanent fund that he will receive sealed proposals until a certain specified time; all such proposals must be marked "Proposals to Furnish Bonds;" the proposals so received shall be opened at the time specified in the presence of the Board of Investment, and the Board of Investment shall reserve the right to reject any or all bids.

April 23, 1902.—Members of board present: Governor Van Sant, Treasurer Block and Auditor Dunn. Sealed proposals to furnish bonds to the amount of \$200,000 were opened in the presence of the board and the bidders. After the bids had been tabulated it was unanimously voted to accept the proposal of Parson, Leach & Co., of New York, to furnish \$200,000 Massachusetts gold bonds, due in 1942, to net three and five-hundredths per cent.

TOWNSHIPS SHOULD BE AUTHORIZED TO BORROW MONEY FOR BOTH ROAD AND BRIDGE PURPOSES.

The Attorney General's office has held that there is no authority in the statutes authorizing the borrowing of money by townships for the construc-

tion or repair of roads. Many scores of applications for loans from the permanent school and university funds by towns have been rejected because of lack of such authorization. Chap. 31, General Laws 1867, being Sec. 1031 General Statutes of 1894, authorizes bonding for bridges only. There is nothing more conducive to the general welfare and happiness of a community than good roads, and in the northern part of the state especially, where the townships are sparsely settled, it is absolutely necessary that towns should be enabled to borrow money for the improvement and construction of roads.

It is very seldom that a township is ever called upon to borrow money to defray town charges and expenses. A township that cannot raise enough taxes annually to pay its town officers for their services has no excuse for existing as a separate organization. But townships are often required to expend large sums for roads and bridges, and if expended rightly it is money well invested. The law should be amended so as to permit the issuing of bonds for both road and bridge purposes. The six years' limitation should also be removed. Under the existing law township bonds cannot be issued for a longer period than six years. The time limit should be extended to ten or fifteen years.

#### AMENDMENT TO SECTION SIX, ARTICLE EIGHT, OF THE CONSTITUTION.

For the second time the proposed amendment to section 6, article 8 of the constitution, relating to the loaning of the permanent school and permanent university fund, failed of adoption by the people. The proposed amendment simply provided that the permanent funds may be invested in the bonds of any county, school district, city, town or village of the state to the amount of fifteen per cent of the assessed valuation of the real property of the same (inclusive of the entire bonded indebtedness), and that a rate of interest not less than three per cent. As the law now stands an amount not to exceed seven per cent of the valuation of real property can be loaned and at a rate of interest not lower than four per cent. The amendment should again be re-enacted and submitted to the voters. It certainly ought to be adopted, as it is a meritorious measure. There can be no valid reason why our own citizens should not be permitted to borrow from the permanent funds at the same rate of interest that those funds are invested in the bonds of other states. Great care is exercised in the making of these loans. Every application is closely scrutinized in this office, and also carefully examined by the Attorney General or one of his able assistants. The state never has and never will lose a dollar, if due diligence is exercised by the board of investment and the officials whose duty it is to attend to the collection of the principal and interest as the same becomes due. Many cities, village and school districts are obliged to obtain loans from private parties at a high rate of interest on account of the seven per cent limitation.

#### THE BOARD OF CONTROL.

The Board of Control has relieved this office of a great deal of work as far as auditing the expense lists of the several state institutions are concerned. Prior to the creation of the board there was considerable friction

between this office and the boards and officers of several of the state institutions. Since the Board of Control assumed the management of the state institutions we have not had the least trouble and have never felt called upon to dispute a single item of any expense list that has come to this office from that board.

In this connection it may not be out of place to remark that we feel a justifiable pride in the great success achieved by the Board of Control during the first year of its existence. Never before in the history of the state has there been covered into the treasury unexpended balances at the end of any fiscal year amounting to \$154,853.53, or anywhere approaching that sum. We are proud to know that a measure which was recommended, drafted and championed by this office has resulted so advantageously to the state during the first year of its operation. It would be presumptuous on my part to make any recommendations affecting the Board of Control or its work, for the gentlemen who comprise that board have already made their report to the Governor, and a copy of the same will undoubtedly be furnished every member of the legislature. The Board of Control is bound to grow in public favor so long as its work is conducted along the lines laid down by its charter members and is kept free from political entanglements.

#### WOLF BOUNTIES.

The wolf bounty law should be repealed, or the legislature should appropriate a sufficient amount to pay the state's share (2-3) of the bounties. The legislature of 1901 made no appropriation whatever for the payment of wolf bounties, and this office has refused to receive wolf bounty vouchers from the several County Auditors. Under the provisions of Chapter 32, General Laws of 1901, it would require an annual appropriation of at least \$50,000 to pay the state's proportion of wolf bounties.

#### AN UNCONSTITUTIONAL PROVISIO.

Section 12, Chapter 83, General Laws 1897, which provides for the levying of a tax by the State Auditor for principal and interest accruing on loans made from permanent school and university funds, fixes the amount that shall be levied at thirty per cent in excess of the actual amount necessary to pay such accruing principal or interest. The provision of the section in question conflicts with section 5, article 8 of the State Constitution, which provides that the tax so levied shall be fifty per cent in excess of the amount actually necessary to be raised on account of such accruing principal or interest.

#### DRAINAGE COMMISSION.

Chapter 92, General Laws 1901, makes the State Auditor a member of the Drainage Commission of the State of Minnesota, but the manifold other duties of this office have prevented me from attending more than one or two meetings of the commission. The State Auditor is a member of too many boards and commissions. The other members of the commission have made

a personal examination of the ditches completed, or in course of construction. The Governor will undoubtedly have recommendations to make in this connection. There is one suggestion I would offer, however, if any more ditches are to be constructed at the expense of the state, the law should be so amended as to require that at least fifty per cent of the lands to be benefited should be the property of the state, and such lands should be withheld from sale for a period of two years from the date of the completion of the ditch or ditches. In this way the state would be amply repaid for its outlay in the greatly enhanced value of the lands benefited. The state owns thousands of acres of swamp land in the counties of St. Louis, Itasca, Aitkin, Cass and Beltrami, now almost worthless, which properly constructed ditches would render valuable.

#### NEW STATE CAPITOL.

The records of this department show the following financial transactions with the Board of State Capitol Commissioners. Under Section 7, Chapter 2, General Laws of 1893, provision is made for the transfer of a sum equal to the proceeds of two-tenths (2-10) of a mill upon the total taxable value of the state, beginning with the year 1895, to provide funds for the cost of erecting the State Capitol. By Chapter 232, General Laws 1899, the limitation of the appropriation to a period of ten years was repealed and the annual appropriation was extended until such time as the building is completed.

The following sums have been credited to the Board of Capitol Commissioners under that law:

1895 .....	\$127,783.20
1896 .....	128,250.00
1897 .....	112,789.13
1898 .....	114,120.00
1899 .....	115,850.00
1900 .....	117,016.66
1901 .....	117,603.32
1902 .....	120,196.12

Total for the eight fiscal years..... \$953,608.85

Chapter 96, General Laws 1897, authorizes the issue of certificates of indebtedness to an amount not to exceed \$500,000, in anticipation of the amounts to be transferred from the state revenue fund, both the principal and interest to be payable from the amounts so transferred, and \$350,000 of four per cent certificates were issued under that law, of which \$50,000 is now outstanding.

By Chapter 232, General Laws 1899, the commission was authorized to issue certificates of indebtedness up to the full limit of the remainder of the cost of completion of the building, the principal to be paid from the amount credited to the Capitol Commission, and the interest to be paid from the general revenue fund. Under the last named act certificates of indebtedness drawing three per cent to the amount of \$1,150,000 were issued, and are now outstanding. The annual interest to be charged on that amount is \$34,500.

There are thus \$1,200,000 of certificates of indebtedness to be met from the amounts transferred in accordance with Section 7 of Chapter 2, General Laws 1893.

The original cost of the building was limited to \$2,000,000. By Chapter 168, General Laws 1901, the limit of cost of the new building with furniture and fixtures was raised to \$3,000,000. Adding the outstanding certificates of indebtedness (\$1,200,000) and the amounts transferred on account of the 2-10 mills tax on the assessed valuation (\$953,608.85) we find that there has been a total sum of \$2,153,608.85 credited to the Capitol Commission. Of that sum there remains in the state treasury at this date an unexpended balance of about \$100,000.

Of the \$1,200,000 of the certificates of indebtedness outstanding, the permanent school fund of the State of Minnesota holds \$1,140,000. The certificates are not a state obligation. An opinion to that effect was rendered by Attorney General Childs Nov. 2, 1897. He said they were merely issued in advance of the collection of moneys from a tax levy previously authorized by law. The moral obligation he refers to in his opinion is, however, sufficiently binding to insure their payment.

#### DISTRIBUTION OF PENALTIES AND INTEREST.

Section 51, Chapter 2, General Laws of 1902 (extra session), prescribes a method for the distribution of penalties, interest and costs on delinquent real property taxes that is too intricate to be followed with any degree of accuracy without expending a great deal of work. It is the purpose of this section to give to the several funds of each municipality a portion of the penalties accruing on delinquent taxes. The small sums involved do not justify the time required to make the distribution. The section should be amended so that penalties may be credited to the county revenue fund the same as interest and costs.

#### LIMITATION OF BONDED INDEBTEDNESS.

A sound financial policy on the part of the various divisions of the state government, comprising townships, villages, cities and counties, would seem to demand that our laws be so amended or framed as to provide for a fixed limit of bonded indebtedness in the case of each of such divisions. The only noticeable limitations now in existence are found in the special charters of certain cities. Practically the only reference to any limit for bonded indebtedness is to be found in the general law which provides for the loaning of the permanent school and university fund—the maximum amount that can be loaned is fixed at seven per cent of the assessed valuation of the real property.

#### STATE DEBT.

On Aug. 1, 1900, there were outstanding \$1,279,000 of three and one-half per cent (3½) funding bonds of 1891. From that date to this (Dec. 23, 1902) \$220,000 of the bonds have been called in, paid and destroyed. At this date

there remains \$1,059,000 outstanding, which represents the state debt proper. The tax levy of two-tenths of one mill provided by law is ample to care for these bonds.

#### ASSETS OF SUSPENDED BANKS.

By Chapter 250, General Laws 1899, the Governor, Attorney General and Auditor were authorized to purchase for the state the personal and real property in the hands of the assignees of the State Bank and the American Exchange Bank of Minneapolis. The transactions to date have been as follows:

##### STATE BANK.

Notes to the amount of \$132,539.88 were bid in for \$5,000; judgments for \$187,104.17 bid in for \$850, and several tracts of land appraised at \$28,095, situated in South Dakota, Michigan, Wisconsin, and in Anoka and Mille Lacs counties, Minnesota, and city lots in Minneapolis were bid in for \$16,500, a total of \$22,400.

There has been realized to this date (Dec. 23, 1902):

On notes .....	\$5,963.96
On judgments .....	3,382.11
On real estate.....	9,198.91
	<hr/>
Total .....	\$18,544.98

Several good tracts of land are yet unsold, and it is safe to reckon that \$10,000 more will be realized from the unsold real property, and a considerable sum should be collected on the remaining notes and judgments.

##### AMERICAN EXCHANGE BANK.

Notes to the amount of \$25,323 and judgments of \$61,186 were bid in for \$2,000, from which \$1,541.67 in cash has been realized. One piece of improved real property in Minneapolis was bought for \$2,500, and is yet unsold, but will bring a good profit.

#### PUBLISHING EXTRA SESSION LAWS.

The publication of laws in newspaper supplements, immediately following the close of the session, is a time honored and necessary practice, and the only means of acquainting the courts, county and other officers and the people with existing statutes, as the great majority of acts become effective upon their approval, and the bound volumes of laws are not available for several months after the legislature adjourns. It has been the custom to appropriate for this purpose the sum of \$40,000, and secure an official publication of the laws in every legal newspaper in the state.

This matter was not brought to the attention of the extra session of 1902 until the closing days, when a two-thirds vote of members was necessary to pass the bill. Owing to the limited number of enactments, the bill called for \$20,000, one-half the amount usually provided. While a large majority of members supported the measure, it barely lacked the required two-thirds vote. Owing to the importance of taxation legislation and constitu-

tional amendments, it was regarded as a matter of necessity that the enactments should be available to the people of the state, and many publishers expressing a willingness to publish the laws and trust to remuneration by the next legislature, the plan was endorsed by the Governor, Secretary of State and State Auditor, each official pledging his recommendation for reimbursement by the legislature in an amount not exceeding that proposed in the bill presented at the extra session. The laws were published in all the newspapers of the state; it was an imperative necessity that they should be published, and the publishers are fairly entitled to pay for their services of nearly one year ago, and I earnestly recommend an appropriation of \$20,000 for this purpose.

#### PRINTING AND BINDING.

The printing commission is composed of the Secretary of State, State Treasurer and State Auditor. The commission has endeavored to keep the cost of printing and binding within the appropriation, but it was clearly impossible to do so. The legislature will be called upon for a deficiency appropriation. The law relating to printing and binding could be improved upon in many respects, but I do not care to particularize. A bill for a new law will probably be prepared by the commission and presented to the legislature for its consideration. Certainly the present law is far from satisfactory.

At the beginning of the legislative session in 1901 it was found necessary to secure an additional appropriation of \$25,000 to complete the work of the fiscal year. At a meeting of the appropriation committee it was unanimously voted to guarantee such amount. Later, estimates for printing for this biennial period were made by the department and expert printer, and the printing commission asked for \$40,000 for the first year and \$90,000 for the second or legislative year, or a total of \$130,000 for the two years. The amount appropriated for both years was only \$110,000, and of this amount \$20,000 was made immediately available to meet the \$25,000 deficiency which had been pledged by the appropriation committee, thus reducing the funds available for 1902-3 to \$85,000.

During the session of the legislature, laws were enacted largely increasing demands upon the printing commission, and for which no estimate had been made. Such legislation called for the printing of the annual reports of the Grand Army of the Republic; the Historical Society publications; printing for the Board of Control and all its institutions which formerly paid for their printing and binding from their own funds; also the primary election, requiring the same amount of printing as the general election. Besides the above mentioned increase in printing expense, the extra session of the legislature added largely to the cost of state printing.

The aggregate cost of printing caused by new legislation, and beyond the estimates of the commission, was nearly \$25,000, which, added to the \$25,000 deficiency of the previous biennial period, makes a total of nearly \$50,000.

The legislature of 1901 amended the law providing for publishing the legislative manual, by permanently increasing the edition from 10,000 to 20,000 copies, and providing that 9,500 copies be distributed to members and officers

of the legislature, and eight thousand copies to the public schools of this state. This increased expense, with all the new work provided by the 1901 session, becomes a permanent addition to the cost of state printing.

The growth of the state naturally increases the work of all departments, and during the past two years all have demanded and received more printing than during previous periods; meanwhile the contract prices have been increased in proportion to the largely increased values of printing stock and labor, aggregating an advance of from 15 to 25 per cent.

#### FOREST COMMISSIONER.

The law of 1895 made the State Auditor Forest Commissioner, and authorized him to appoint a Chief Fire Warden. Gen. C. C. Andrews was appointed as such Chief Fire Warden immediately after the enactment of the law and has filled the position in a satisfactory manner ever since. The other multitudinous duties devolving upon the State Auditor demanded about all his time and attention, and General Andrews is entitled to all the credit for the carrying out and enforcement of the provision of Chapter 196, General Laws 1895. He has discharged the duties imposed upon him in an intelligent and conscientious manner. The Chief Fire Warden is of the opinion that the salary paid him, twelve hundred dollars per year, should be so increased as to more properly correspond to the dignity of the office and importance of the service he renders the state.

#### LOAN AND TRUST COMPANIES.

The following loan and trust companies have on deposit in this office first mortgage securities in amounts as stated below:

The Minnesota Loan & Trust Company, Minneapolis.....	\$108,400.00
The St. Paul Trust Company, St. Paul.....	100,058.00
The Minnesota Title Insurance & Trust Co., Minneapolis. ....	102,700.00
The Minneapolis Trust Company, Minneapolis.....	103,786.00
The St. Paul Title & Trust Co., St. Paul.....	102,200.00
The Security Trust Co., St. Paul.....	100,240.00

#### SALES OF STATE LANDS.

The land sales for the years 1901 and 1902 have been phenomenally large and the prices realized by the state have been far in excess of the average. In 1901, in compliance with the insistent demand of the former lessees and occupants thereof, the 6,395 acres of public buildings lands situated in Kandiyohi county were offered for sale and realized the handsome sum of \$125,482.50, an average of \$19.62 per acre; with one or two exceptions these lands were sold to the persons who had occupied them under the old system of leasing, and these settlers thus became the beneficiaries of their own improvements.

Following this sale, a series of sales in the Red River Valley and north-western counties was held with the view of taking advantage of the large

influx of homeseekers, and upwards of 100,000 acres were sold at an average price of \$9.82 per acre, being an increase of \$3.54 per acre over the average price obtained for forty years past. Again in the fall of 1902 a series of sales was held, covering the north-central and north-eastern counties, being the least developed and wildest portion of the state, and with gratifying results. About one hundred thousand acres were sold for an average price of \$6.48, this price being 24 cents in excess of the average for the past forty years. When it is stated that former sales included the choicest lands in southern and central Minnesota, and that this 1902 sale included only lands in the most rugged and inaccessible districts, the price obtained may be considered remarkably good.

Much more land could have been sold, as the demand was far from satisfied, but the law places a limit upon the amount of school land which may be sold in any one year, restricting the sale to 100,000 acres, and it was not deemed advisable to offer other classes of land than school land for sale separately.

By the two land sales of 1901 and 1902 a million and a half dollars were added to the permanent school fund. For the lands so sold 6,500 land certificates were issued to the purchasers, increasing the number of outstanding certificates to 60,000. These certificates cover approximately four million acres of land, and under the present law they yield the state four per cent interest per annum on the 85 per cent of the principal which remains unpaid.

Prior to July 31, 1900, this office had made and issued 11,789 state land patents and during 1901 and 1902 this number was increased to 14,313. This means that during those two years, between four and five patents were issued each day, and when it is considered that when a patent is issued the whole account of the certificate owner has to be adjusted and the title carefully examined, outside of the necessary clerical work of issuing, recording, etc., it will be recognized that the work involved is very great. This, taken with the large increase of work thrown upon the land department by the rapid and enormous growth of its business during the past eight years, has severely taxed the ability of the limited force of the land office to perform.

The state has received under its school land grant 2,708,094.13 acres of school land and will ultimately receive about 3,000,000 acres. To the end of the last fiscal year, 1,725,770.53 acres had been appraised and sold leaving 982,323.60 acres unsold and about 300,000 yet to be received, making a total of about a million and a quarter acres of school land yet undisposed of, the value of which will probably be not less than \$8,000,000 exclusive of mineral and timber.

#### THE PERMANENT SCHOOL FUND.

At the close of the fiscal year the permanent school fund amounted to \$14,316,389.06, and if the proceeds of the fall land and timber sales are added to this the grand total of the fund at the close of the calendar year of 1902 will be not less than fifteen and a half million dollars. If the value of the unsold school lands is estimated at \$8,000,000, the future sales of timber at \$2,000,000 and the revenue from mineral lands at \$5,000,000, which are conservative estimates, the school fund will reach over \$30,000,000.

During the past eight years the accretions to the permanent school fund have amounted to \$3,604,269.46, and with the addition of the proceeds of the land and timber sales of the fall of 1902, the increase since Jan. 1, 1895, reaches \$4,800,000. At the close of the fiscal year ending July 31, 1894, the total of the fund was \$10,712, 119.60 and on July 31, 1902, it was, as stated above, \$14,316,389.06.

#### PERMANENT UNIVERSITY FUND.

This fund, while its proportions are not so great as those of our magnificent school fund, shows an increase of \$299,968.50 during the past eight years. On July 31, 1894, the permanent university fund amounted to \$1,034,067.05, and on July 31, 1902, it was \$1,334,035.55. A portion of the university lands are situated within the iron ore belts and it is reasonable to expect that the fund will be swelled to much larger proportions by the revenue from royalties on iron ore.

#### RATE OF INTEREST ON LAND CERTIFICATES.

By Chapter 91 of the General Laws of 1901 the legislature reduced the rate of interest on state land certificates from five to four per cent, conditionally on the certificate owner allowing the principal to remain unpaid for ten years after the date of the act, or in the case of future sales for ten years after the date of issue of the certificate. This condition, which is similar to the condition embodied in Chapter 195 of the General Laws of 1885, when the rate of interest was reduced from seven to five per cent, provided the principal remained unpaid for fifteen years, is open to the same objection as was the provision of 1885. The 1885 provision was repealed in 1893 for the reason that it discriminated against some certificate owners and in favor of others, and led to numerous irritating complications. The same objections may now be raised to the provision of the 1901 law, and it would be wisdom on the part of the legislature to so amend Chapter 91 of the General Laws of 1901 as to remove the restriction regarding the payment of principal. This could be done by striking out the proviso in Section 1 of the act. The act is printed in full below, and that part of it which might be eliminated without detriment to the interests of the state and for the benefit of the certificate owners, as well as to facilitate the business of this office, is embraced in brackets.

#### CHAPTER 91—H. F. NO. 250.

AN ACT Regulating the Rate of Interest upon Contracts Arising from the Sale of Lands Belonging to the State of Minnesota.

Be it enacted by the Legislature of the State of Minnesota:

Section 1. The rate of interest hereafter to be charged by the State of Minnesota to purchasers of public lands sold by said state upon deferred payments shall be four (4) per cent per annum, and the rate of interest on all outstanding contracts or certificates heretofore made or issued by said state in the selling of its said lands is hereby reduced to four (4) per cent per annum upon all sums now remaining unpaid. [Provided, that if any payment on the principal of any contract now outstanding shall be made before the same becomes due and written ten (10) years after the passage of this act, the interest on such payment shall be five (5) per cent

per annum from the date at which the interest had been fully paid at the rate of five (5) per cent to the time when such payment on the principal shall have been made. If any payment on the principal of any contract of sale hereafter made shall be made within ten (10) years after the date of such contract, the interest on such payment shall be five (5) per cent from the date of such contract to the time when such payment shall have been made.]

Sec. 2. This act shall take effect and be in force from and after the first day of June, one thousand nine hundred and one (1901).

Approved March 27, 1901.

#### INDEMNITY SCHOOL LANDS.

The question of securing indemnity for school lands in Sections 16 and 36, lost by reason of Indian reservations, has received close attention during the past two years. The work of selection was unfortunately delayed, owing to the difficulty in securing a determination of the state's claim to the school sections in the Red Lake reservation, but as soon as the United States Supreme Court gave its decision, which I regret to say was adverse to the state, the work of selecting lands in lieu of those lost was rapidly pushed.

The total deficiencies caused by the Indian reservations is shown as nearly as possible by the table following the text of this report. It is not possible at this time to give the exact acreage, as the survey of a number of the townships has not been completed by the United States, and for other townships that are surveyed the plats have not been approved and filed by the general land office, and, until they are, it is not possible to establish a basis for the selection of lieu lands for these unsurveyed townships.

Selections for all the deficiencies in the Red Lake reservation, except for the unsurveyed townships, have been made by the state, the total acreage so selected being 139,265.71, and 5,469.43 acres were also selected for deficiencies caused by the Fond du Lac reserve, making the total indemnity school land selections during the past two years 144,735.14. This leaves 144,802 acres yet to be selected on account of losses by Indian reservations.

The grand total of indemnity school land selections made by the state on all accounts is 379,735 acres, and the grand total of the deficiencies is 526,338 acres.

The importance of the state securing the right to make indemnity selections as soon as the United States survey in the field is made and without the state being compelled to wait for the approval and filing of the government plat led me to attempt to secure, through congress, the passage of a resolution giving to the state the right to make its selections as soon as the survey in the field is completed. The Secretary of the Interior and the Commissioner of the General Land Office reported favorably upon the proposition, and the United States senate passed the resolution, but, owing to the pre-occupation, or some other cause, of our particular congressman who had charge of the resolution in the house of representatives, it was not called up for passage, and died with the end of the session. Since then, in order to secure something near the quantity of lieu land to which the state is entitled, I have been compelled to make selections in the townships, the plats for which have been already approved and filed, and have been debarred from selecting in the newly surveyed townships where the lands have not been picked over for years by homesteaders and scrippers.

## ATTORNEY'S FEES IN RED LAKE RESERVATION SCHOOL SECTION CASES.

In attempting to secure for the state sections 16 and 36 in the Red Lake and other Indian reservations, by and with the consent of the Attorney General, the law firm of Davis, Kellogg & Severance and ex-Attorney General Childs were employed to prosecute the state's claims. The former firm was retained mainly because of the familiarity of the late Senator Davis with every aspect of the case, and ex-Attorney General Childs was retained for the same reason. The case was argued before the land department and Secretary of the Interior, and the Secretary having decided against the state, an appeal was taken to the United States Supreme Court. But before the appeal could be perfected it became necessary to secure legislation by Congress. The litigation was costly, tedious and vexatious, and although the decision of the court of last resort was against the state, the right of the state to lieu lands for the sections lost by the reservations was established. Had the decision been in favor of the state the school fund would have been enriched to the extent of at least \$1,500,000. The large interests involved justified the employment of eminent counsel to assist the Attorney General, more especially in view of the fact that proceedings to obtain title to the disputed sections had been inaugurated by this office long before the present Attorney General entered upon the duties of his office. It is to be regretted that the state lost the valuable timber and agricultural sections in the Indian reservations, but it was through no fault of this office or the counsel representing the state that the outcome was unfavorable to the state. But, as already remarked, the decision of the Supreme Court clearly established the fact that the state was entitled to lieu lands, which of itself was a matter of great importance to the state. The counsel employed by the state have not been paid for their services, save for actual expenses incurred. The legislature should, and is in honor bound to, appropriate a sum sufficient to pay the bills of counsel which are on file in this office.

## THE STATE'S SWAMP LAND GRANT.

Under the act of Congress of March 12, 1860, granting all the swamp lands within its boundaries to the State of Minnesota, the state has selected 5,107,121.35 acres. Of this amount 3,879,129.76 have been patented by the United States to the state; for 81,665.24 acres the state's selection has been approved, but patent has not yet issued, and 1,146,326.35 acres have been lost to the state, either by settlement, contests, prior disposition by the United States, through conflict with the grant limits of railroads or by the state's claim being rejected by the general land office on the ground that the land was not sufficiently swampy to come within the grant.

Of the 3,879,129.76 acres for which the state has received patent, 2,892,921 acres has been granted by the state legislature at different times to aid the construction of railroads, leaving to the state 976,208.76 acres which is absolutely free from all claims, and the proceeds of which, when sold, will be added to the permanent school and state institutions funds.

It may reasonably be expected that the state will receive about four hundred thousand (400,000) acres of swamp land in addition to the above, in

the townships where the government survey has not been completed or is not yet made. The value of the state swamp lands is increasing every year, and a conservative estimate would place their ultimate total value at \$7,000,000, exclusive of the mineral.

In this connection attention should be drawn to the excellent service rendered the state by the Hon. T. E. Byrnes, who, as special counsel, has prosecuted the state's claims before the Secretary of the Interior and in the general land office. Through his efforts and by means of the special knowledge he possesses in these matters, the state's claims for land aggregating in value several hundred thousand dollars have been brought to a successful termination, and in many cases where delay in action by the general land office and interior department would have entailed great loss to the state, Mr. Byrnes has succeeded in securing immediate consideration and prompt disposition of state claims.

#### SWAMP LAND GRANTS TO RAILROADS.

With the exception of the Duluth & Iron Range Railroad Company's grant, all the railroad swamp land grants have been filled and adjusted. Some slight deficiencies, due to the failure of the state's title (and other causes), to a few tracts of land have been disclosed during the past two years by a close final examination of the records, and these have been adjusted by securing relinquishments of the tracts from the companies affected and giving them other tracts in lieu of those lost to compensate them and to balance the grants. A part of the deficiency above mentioned was due to the overflow of lands adjacent to the United States reservoirs and the condemnation thereof by the United States.

#### DULUTH & IRON RANGE RAILROAD COMPANY.

The status of the swamp land grant of this company was determined by the decree of Judge Lochren, of the United States Circuit Court, given Jan. 8, 1900, in which the validity of the grant was affirmed, and the grantee was given unlimited time in which to fill its grant. Attached to this decree was a list of lands embracing 89,073.87 acres, the title to which was decreed to rest in the grantee.

It was not until almost six months after the decree had been filed, and long after the time for appeal had expired, that I learned of the existence of such a list and of its being attached thereto, and that this list, through some inadvertence, contained 44,644.16 acres of state institutions lands, including several very valuable tracts of mineral land. I at once caused proceedings looking towards the amendment of Judge Lochren's decree to be instituted, in order to clear the state's title to its state institutions lands, and on Feb. 10, 1902, the original decree was amended and the court decreed the 44,644.16 acres in question to be the property of the State of Minnesota.

In this matter it is simple fairness to state that Mr. Frank B. Kellogg, the attorney for the Duluth & Iron Range Railroad Company, gave all the assistance in his power to aid in correcting the error. If it had been neces-

sary for the state to commence litigation to recover these lands, the process would have been long and tedious and the outcome doubtful.

It is also gratifying to have to state that this company has agreed to exercise the utmost diligence in filling its grant, and will do so within a reasonable time, the amended decree requiring the company to make its selections within six months after survey of the lands by the United States. Of the 606,720 acres to which it is entitled, 201,789.82 acres were conveyed to it by the state prior to March 24, 1895, and a further amount of 188,587.86 acres was conveyed to it on April 30, 1902, leaving 216,342.32 acres yet to be deeded to the company.

#### LITTLE FALLS & DAKOTA RAILROAD CO.

As stated in my report for 1899-1900, and in previous reports, the state disputed the claim of this company to 106,368 acres of swamp land for the construction of 27  $\frac{7}{10}$  miles of its road, on the ground that the granting act required that a complete division of 30 miles shall be constructed; otherwise the grant did not attach. A suit was actually commenced by the state to recover 12,745.75 acres of land previously conveyed by the state in error to the grantee on account of this last uncompleted division of railroad. The result of the litigation, in view of the proverbial uncertainties of the law, could not be predicted, and it was a satisfactory termination of the dispute when the grantee made a proposition for a compromise, and agreed to accept one-third of the lands it claimed in complete satisfaction of its grant. With this end in view, the legislature was asked to pass an act awarding to the grantee 35,456 acres of the 106,368 acres it originally claimed, and by chapter 193, of the General Laws of 1901, the legislature approved the compromise.

By this settlement the state became the richer by 70,912 acres of swamp land worth not less than \$400,000, which, but for the action taken as above stated, would have been conveyed by the state to the grantee in due course. In accordance with the terms of the compromise, the company was given all the lands which it had selected and had placed under contracts of sale or had actually conveyed to purchasers, and the remainder of the lands to which the company was entitled under the settlement were, as directed by the legislature, fairly selected by me for the company.

#### MINNEAPOLIS & ST. CLOUD RAILWAY COMPANY.

This railroad, which is a part of the Great Northern Railway system, received a grant of swamp lands from the state legislature, and in 1894 the then State Auditor attempted to fill the grant by selecting and causing to be executed a deed to the company for 271,000 acres of swamp land. This deed the grantee refused to accept, claiming the right to make its own selections in its own time. The result was that these 271,000 acres became a sort of no-man's land, the prey of timber thieves and trespassers of all sorts, and being unproductive of taxes or any revenue, were a loss and a detriment to every county in the state in which any of the land was situated. This department has succeeded, during the past two years, in making an amicable

arrangement whereby the Great Northern Railway Company agreed to accept what was practically the deed of 1894, with the exception of the change of a few acres necessary to the adjustment of the grant. A new deed was prepared by this office, being in every respect a duplicate of the 1894 deed, with the exception above noted, and this deed was executed by the Governor, recorded in the state land office, and delivered to and accepted by the company, thus terminating one of the most serious and irritating incidents connected with the swamp land grants to railroads. This large body of lands is now on the tax rolls of the different counties, and much of the land has been disposed of to settlers and is being rapidly improved and made productive.

#### HASTINGS & DAKOTA RAILROAD COMPANY.

By an act of congress approved July 4, 1866, the United States granted to the State of Minnesota ten sections of land per mile to aid in the construction of a railroad from Hastings to the western boundary of the state, with indemnity limits to supply losses by settlement, etc., of twenty miles on each side of said line. This line of railroad was actually constructed from Hastings to Ortonville, a distance of about 202 miles, which would entitle the company to 1,280,000 acres of land, approximately. Up to April 17, 1895, there had been conveyed by the state to this company 354,861.37 acres. By an act of the legislature approved April 18, 1895 (chapter 165, General Laws of 1895), an attempt was made to forfeit this land grant, and the Governor was directed to execute a relinquishment to the United States of all claims for lands under this grant, and the act further prohibited further conveyances of land to the company. The Governor obeyed the directions of the legislature, but the Secretary of the Interior declined to receive or accept the state's relinquishment and denied the right or power of the legislature to forfeit the grant. Since that time the United States has certified to the state under this grant 26,103.98 acres, included in Hastings & Dakota lists 9 to 19 inclusive, but we have declined to certify any deeds for these lands to the Governor for execution, and no lands have been conveyed to the company since the passage of the act of April 17, 1895.

The attention of the legislature is drawn to this matter. The situation, as to the title of the lands covered by this grant, is badly complicated, and the interests of all parties concerned are injuriously affected. A considerable portion of the unconveyed lands are actually occupied by settlers who are unable to acquire title to their homes, either through the United States or the railroad company. Transfers of these lands cannot be effected by reason of defective record title, and there is no way of relieving the deadlock. In the interest of all concerned, some legislation should be secured which will make conveyances of these lands possible and enable the owners of the lands to perfect their titles.

#### MINERAL LANDS.

The state is only just commencing to realize upon its mineral lands, and with further development the state lands situated in the iron ranges will

prove a greater source of revenue and will ultimately add a larger amount of money to the permanent school and state institutions funds than the timber lands, and will almost equal the amount derived from the sale of agricultural lands. The state has adopted a system of leasing its iron lands for a term of years to prospectors and miners, and a royalty of 25 cents per ton is imposed on all iron ore mined and shipped from state lands. To July 31, 1902, only two large iron mines had been developed by the state's lessees, one of these being the famous Oliver mine, situated in section 8, township 58, range 17, and the other, the Minnewas mine, on neighboring land. But little ore has been taken out of the Minnewas, which is a "deep" mine, the larger part of the shipments coming from the Oliver. The state has received in royalty on iron ore actually shipped, to the end of the fiscal year, a total sum of \$332,119.02, and by annual payments on mining contracts, payments for prospecting leases and as royalty on a minimum output of 5,000 tons per year, the further sum of \$212,515.75 has been turned into the state treasury, making a total of \$544,634.77.

During the past two years three new mines have been developed on state lands, two of which are on the state institutions lands which were included in a decree of the federal courts and the title by error vested in the Duluth & Iron Range Railroad Company, but which this department succeeded in securing again for the state by obtaining an amended decree from the court in question. These two mines are situated near Hibbing, and extensive drilling and exploration by the state's lessees has shown that there is from ten to twelve million tons of iron ore of an excellent quality on each property. If twenty million tons is ultimately mined on these lands, the state will be five million dollars the richer. The third mine referred to is on school land situated in section 20, township 58, range 19, and during the past three months the shipment of ore has actually commenced, and it is expected that the royalty will be not far from half a million dollars from the output of this mine.

To July 31, 1902, there had been 3,272 prospecting leases issued, of which 262 were in force, and there had been 550 mining contracts issued, of which 211 were in force. The total receipts for the two years ending on that date were \$27,223.00, showing a substantial increase over the past ten years. Almost every tract of state land situated within the known area of the so-called iron belt, especially on the Mesaba range, is under lease, and the delinquencies in payments are practically nil, so that there are but few lapses or cancellations.

Judging by experience, the mineral laws, as they now stand, are satisfactory. The system of leasing works well at present, and the reasonable royalty of 25 cents per ton, while yielding a handsome revenue to the state, is not so onerous as to act as a check upon development or to debar the enterprise of the state's lessees. Proposed changes in the present laws should receive careful scrutiny and be given deep consideration, and the origin of suggested "improvements" should be investigated.

The only change that may be recommended is, that provision should be made for a closer inspection of the output of the iron mines situated on state lands. In view of the probably large increase in the near future, it will be only fair to the state, and no doubt would be more satisfactory to the lessees,

If the output from its mines was carefully checked by the state and the mines themselves inspected from time to time, so as to prevent waste or damage.

## TIMBER STUMPAGE.

Total amount collected for timber stumpage from Jan. 1, 1864, to Jan. 1, 1895.....	\$1,840,991.94
<hr/>	
Total amount collected for stumpage from Jan. 1, 1895 to Aug. 1, 1902:	
Sold per thousand feet, to scale.....	\$1,255,009.88
Cash sales.....	112,032.75
624 cases of trespass.....	169,958.61
	<hr/>
Total amount collected since Jan. 1, 1895.....	\$1,537,001.24
	<hr/>
Grand total collected since Jan. 1, 1864.....	\$3,377,993.18

Average price per thousand feet sold prior to 1895.....	\$1.81
Average price per thousand feet, sales of 1895.....	2.52
Average price per thousand feet, sales of 1897.....	2.54
Average price per thousand feet, sales of 1898.....	2.91
Average price per thousand feet, sales of 1900.....	5.49
Average price per thousand feet, sales of 1901.....	5.84
Average price per thousand feet, sales of 1902.....	8.30

In addition to the above collections there remains uncut on outstanding permits, sold during the years 1900, 1901 and 1902, about 110,000,000 feet, from which the state will realize about \$750,000, bringing the total amount of collections for timber sold during the last eight years to more than two and one-quarter million dollars.

No sales were held in 1896 or 1899. In 1896 collections for prior sales came in so slowly that it did not seem advisable to make new sales until the old stumpage accounts were paid. In 1899 we came to the conclusion that the market showed signs of better values, and the sale in 1900 confirmed it.

Upon the 264 tracts sold during the past eight years, the state's land examiners estimated 186,000,000 feet. The Surveyor General's report of timber cut from the same tracts foots up 210,742,000 feet, an overrun of about 10 per cent, perhaps as close as any conservative estimator can come to the actual amount.

Lumbermen all agree that, during the last three or four seasons, the state has received a higher price for its timber than the same class in quantity or quality has brought to private sellers. It should also be considered that the state's holdings of pine are scattered throughout nearly every township in northern Minnesota, and that 22 per cent of the tracts sold were second cuttings, while private holdings were practically untouched and in compact bodies, which greatly adds to its value.

During every year more or less trespass is committed on state lands. I know of no way by which it can be prevented, unless the state maintains an

army of men in the field. The 624 cases mentioned above, resulting in the collection of \$169,958.61, proves that the state's cruisers have not been asleep. I can only add that had the state cruisers been less active and alert, we would not have succeeded in collecting this amount. Only a few thousand dollars of trespass claims remain unpaid at the present time, and there are practically no unpaid stumpage drafts.

#### CONCLUSION.

In conclusion, gentlemen of the legislature, for the past eight years I have served the State of Minnesota as chief of the most important of the executive departments of the state government, and have conscientiously endeavored to discharge the duties imposed upon me to the best of my ability. How well I have succeeded, let the records of the office say. Every book and record of this office has always been open to inspection. Information concerning any official transaction has, during my term of office, been fully and freely imparted to whoever desired the same. I do not pretend to say that the administration of this office has been faultless, but it is hoped that the results will prove satisfactory to the people of the state.

Dec. 23, 1902.

BIENNIAL REPORT

STATEMENT SHOWING CONDITION OF SWAMP LAND GRANTS MADE BY THE STATE OF MINNESOTA TO RAILROAD COMPANIES, STATE INSTITUTIONS AND OTHER GRANTEEES.

Date of Act Making Grant.	Grantee.	Terms of Grant.	Acres Granted.	Acres Decided by State to Grantee.	Acres Decided to Grantee which have or should be Relinquished.	Actual Acres with which Grantee should now be charged.	Acres Required to Fill Grant.
Mar. 8, 1861	Lake Superior & Mississippi Railroad Co. (now St. Paul & Duluth Railroad Co.)	Seven (7) full sections of land for each mile of railroad from St. Paul to Duluth (195 miles)	694,400.00	694,399.17		694,399.17	0.83
Mar. 8, 1861	Taylor's Falls & Lake Superior Railroad Co. (now St. Paul & Duluth Railroad Co.)	(As amended by chapter 51, Special Laws of 1876, and others.) Seven (7) full sections of land for each mile of railroad from Wyoming to Taylor's Falls (20½ miles)	91,840.00	91,834.21		91,834.21	5.79
Mar. 12, 1861	County commissioners of McLeod county, as trustees for Stevens Seminary	(As amended by chapter 114, Special Laws of 1868.) All swamp lands in McLeod county for school at Glencoe, in lieu of state agricultural college, removed	4,684.17	4,684.17		4,684.17	
Mar. 7, 1862	Madella and Sioux Falls wagon road	Swamp lands situated within six (6) miles on either side of road, as located from Madella to western boundary of state	4,688.71	4,688.71		4,688.71	
Mar. 5, 1863	St. Paul & Chicago R'y Co. (now Chicago, Milwaukee & St. Paul R'y Co.)	(As amended by chapter 6, Special Laws of 1865, and others.) Seven (7) full sections of land for each mile of railroad from St. Paul to Winona (103 1-5 miles)	462,386.00	463,049.32	1,613.32	462,386.00	
Feb. 11, 1865	Minneapolis & St. Cloud R'y Co. (now Great Northern R'y Co.)	(As amended by chapter 56, Special Laws of 1869, and others.) Ten (10) full sections of land for each mile of railroad from St. Cloud to Hinckley (66.51 miles)	425,664.00	439,145.53	13,481.53	425,664.00	
Feb. 11, 1865	Minneapolis & St. Cloud R'y Co. (Austin branch, so-called)	Four (4) full sections of land for each mile of railroad to have been built from St. Cloud to connect with Winona & St. Peter Railroad. Grant declared forfeited by chapter 166, Laws of 1895, because railroad had not been built					
Feb. 13, 1866	State institutions	Insane Asylum, 100,000 acres; Deaf and Dumb and Blind Asylum, 100,000 acres; State Prison, 100,000 acres; Winona Normal School, 75,000 acres; Mankato Normal School, 75,000 acres; St. Cloud Normal School, 75,000 acres	525,000.00	396,235.92		396,235.92	128,764.08

AUDITOR OF STATE.

STATEMENT SHOWING CONDITION OF SWAMP LAND GRANTS MADE BY THE STATE OF MINNESOTA TO RAILROAD COMPANIES, STATE INSTITUTIONS AND OTHER GRANTEES.—Continued.

Date of Act Making Grant.	Grantee.	Terms of Grant.	Acres Granted.	Acres Decided by State to Grantee.	Acres Decided to Grantee which have or should be Relinquished.	Actual Acres with which Grantee should now be charged.	Acres Required to Fill Grant.
Feb. 16, 1866	Southern Minnesota Railroad Co.	All swamp land in odd sections in Root River land district and all swamp land in odd sections north of Root River land district, west of range 28, and south of Minnesota river, for railroad from Rushford to western boundary of state (267.92 miles).....	36,737.84	36,976.70	288.86	36,737.84	.....
Mar. 2, 1866	Minnesota Central Railroad Co. (now Wisconsin, Minnesota & Pacific Railroad Co.)	(As amended by chapter 110, Special Laws of 1873, and others.) 275,000 acres for railroad from Red Wing via valley of Cannon river and Lake Elysian to Mankato (93.70 miles).....	275,000.00	276,196.02	1,196.02	275,000.00	.....
Mar. 2, 1866	Cannon River Manufacturers' Association.....	(As amended by chapter 244, Special Laws of 1877, and others.) 25,000 acres for developing and improving water powers and manufacturing resources of Cannon river.....	25,000.00	24,191.45	1.00	24,190.45	809.55
Mar. 9, 1875	Duluth & Iron Range Railroad Co.	(As amended by chapter 69, Special Laws of 1883.) Ten (10) sections of land for each mile of railroad from Duluth by shortest and most feasible route to Tower (length of line as built, 94.80 miles).....	606,720.00	242,968.17	800.00	360,377.08	216,342.62
Mar. 3, 1881	Little Falls & Dakota Railroad Co.	Six (6) sections of land for each mile of railroad from Little Falls via Sauk Center, Glenwood and Morris to western boundary of state. (Railroad company has built line only from Little Falls to Morris, and claims grant for length of line so built—87.70 miles. This claim is denied by the state, and the grant is now considered filled and the company will be required to reconvey to the state 13,601.51 acres, heretofore erroneously decided to it in excess of the amount required under the grant for the two completed divisions of 30 miles each).....	265,856.00	265,856.00	.....	265,856.00	.....
Totals.....			3,417,921.72	2,901,140.37	17,980.78	3,072,029.15	345,892.57

Unappropriated swamp lands following constitutional amendment of Jan. 4, 1882, 451,208.04 acres.

Apr. 17	B. Heller, lease No. 2894.	41248	25.00	25.00	25.00
Apr. 17	W. S. Brisbin, leases Nos. 2895 and 2896.	41249	25.00	25.00	25.00
Apr. 20	P. J. O'Rourke, contract No. 432.	41250	50.00	50.00	50.00
		41253	100.00	100.00	100.00

PAYMENTS INTO THE TREASURY FROM MINERAL LEASES AND CONTRACTS ON STATE LANDS, FOR THE YEAR  
ENDING JULY 31, 1901—Continued.

Date	From what source received.	No. of Auditors	Per-centage School.	Per-centage University.	State Institutions.	Total.
Apr. 20	C. D. Campbell, lease No. 2897.	41254	\$25.00			25.00
Apr. 21	E. J. O'Rourke and J. Stein, lease No. 2898	41255	25.00			25.00
Apr. 23	Albert Gasser, lease No. 2900.	41256	25.00			25.00
Apr. 23	E. J. O'Rourke and J. Stein, lease No. 2901	41262	25.00			25.00
Apr. 23	Inkerman and J. Helmer, lease No. 2902.	41264	25.00			25.00
Apr. 24	L. T. Flynn, lease No. 2903.	41265	25.00			25.00
Apr. 27	B. Heller, leases Nos. 2904 and 2905.	41271	\$25.00			25.00
Apr. 29	W. P. Mosher, contract No. 433	41280	50.00			50.00
Apr. 29	Thomas Wood, lease No. 2899	41281	25.00			25.00
Apr. 30	L. R. Martin, leases Nos. 2907, 2908, 2909 and 2910	41282	50.00	50.00		100.00
Apr. 30	J. J. McAuliffe, lease No. 2911.	41284			25.00	25.00
May 1	J. M. Gray, lease No. 2912.	41285	25.00			25.00
May 3	John J. McAuliffe, lease No. 2913.	41286				
May 6	Geo. H. Crosby, lease No. 2906.	41279	50.00	25.00		75.00
May 6	W. D. Washburn, Jr., leases Nos. 2914, 2915, 2916, 2917, 2918, 2919, 2920 and 2921.	41288	50.00	25.00	125.00	200.00
May 6	W. D. Washburn, Jr., leases Nos. 2922 and 2923	41306	50.00			50.00
May 6	H. B. Fryberger, contract No. 434.	41307	100.00			100.00
May 6	J. C. Flynn, lease No. 2924.	41308				
May 7	W. D. Washburn, Jr., leases Nos. 2925 and 2926	42093	25.00	25.00		50.00
May 7	L. T. Flynn, leases Nos. 2927, 2928 and 2929	42094	25.00	75.00		100.00
May 7	John J. McAuliffe, lease No. 2930.	42095	25.00			25.00
May 11	L. T. Flynn, lease No. 2931.	42096		25.00		25.00
May 11	Richard Cullen, leases Nos. 2932 and 2934.	43002	50.00			50.00
May 11	J. E. Mitchell, lease No. 2935 and contract No. 435	43003	100.00	25.00		125.00
May 13	D. C. Rood, lease No. 2932.	43005		25.00		25.00
May 16	J. H. Decker, leases Nos. 2936 and 2937.	43007	50.00			50.00
May 17	D. C. Rood, leases Nos. 2938 and 2939.	43012				
May 17	R. C. O'Brien, lease No. 2940.	43013	25.00		50.00	75.00
May 23	C. H. and E. L. Bradley, leases Nos. 2942 and 2943.	43021	50.00			50.00
May 23	C. H. and E. L. Bradley, contracts Nos. 436 and 437.	43023	200.00			200.00
May 24	Richard Cullen, lease No. 2941.	43025	25.00			25.00
May 24	E. T. Alford, lease No. 2947.	43035	25.00			25.00
May 28	P. A. Smith, lease No. 2947.	43036	25.00			25.00
May 28	J. A. Baker and Amelia Sherwood, lease No. 2946	43038	25.00			25.00
May 29	A. M. Miller, contract No. 438.	43039	100.00			100.00
May 29	H. J. Grannis, contract No. 439.	43040			100.00	100.00
June 4	John J. McAuliffe, lease No. 2950.	43065	25.00			25.00
June 6	John J. McAuliffe, leases Nos. 2948 and 2949	43068	25.00			25.00
June 6	Charles M. Simpson, leases Nos. 2951, 2952, 2953 and 2954.	43073	100.00			100.00

AUDITOR OF STATE.

June 6	E. H. Windom, lease No. 2030	43074	25.00	25.00	
June 6	B. J. Mitchell, lease No. 2035	43075	25.00	25.00	
June 8	Charles Larson, lease No. 2057	43077	25.00	25.00	
June 8	Louis W. Hill, contract No. 489	43078	100.00	100.00	
June 11	J. F. Waters, contract No. 440	43083	100.00	100.00	
June 11	Wm. W. Yeates, contract No. 441	43084	25.00	25.00	
June 12	Frank A. Barber, lease No. 2053	43086	100.00	100.00	
June 12	J. N. True, leases Nos. 2059 and 2060	43087	25.00	25.00	
June 12	J. N. True, lease No. 2061	43088	25.00	25.00	
June 14	T. B. Lewis, lease No. 2062	43082	25.00	25.00	
June 17	D. C. Road, lease No. 2063	43108	25.00	25.00	
June 18	D. C. Agnew, leases Nos. 2064 and 2065	43119	50.00	50.00	
June 20	Don S. Culver, leases Nos. 2066, 2067, 2068, 2069, 2070, 2071, 2072 and 2073	43124	100.00	100.00	
June 21	John A. Keyes, leases Nos. 2074, 2075 and 2076	43151	75.00	75.00	
June 22	Richard Cullen, leases Nos. 2077, 2078, 2079 and 2080	43161	100.00	100.00	
June 24	James N. True, lease No. 2081	43181	25.00	25.00	
June 26	Don S. Culver, lease No. 2082	43199	25.00	25.00	
June 28	D. C. Road, contract No. 389	43236	100.00	100.00	
June 29	Geo. W. Gardner, lease No. 2084	43235	25.00	25.00	
June 29	Ole C. Sether, lease No. 2083	43248	25.00	25.00	
July 1	W. C. Robinson, lease No. 2086	43280	25.00	25.00	
July 1	D. C. Road, lease No. 2087	43281	25.00	25.00	
July 3	J. A. Keyes, leases Nos. 2087 and 2088	43345	50.00	50.00	
July 5	John I. McAuliffe, lease No. 2089	43364	25.00	25.00	
July 9	Olaf Olson, leases Nos. 2090 and 2091	43388	50.00	50.00	
July 16	J. M. Nolan, lease No. 2092	43432	25.00	25.00	
July 16	C. H. Nichols, lease No. 2092	43433	25.00	25.00	
July 20	A. F. Grass, lease No. 2094	43443	25.00	25.00	
July 23	W. P. Mosher, lease No. 2095	43463	25.00	25.00	
July 24	Rathbun Iron Mining Co., contracts Nos. 65, 66, 104, 215 and 216	43434	500.00	500.00	
July 27	J. G. Brown, contracts Nos. 351 and 354	43458	200.00	200.00	
July 27	D. E. Woodbridge, lease No. 2096	43466	100.00	100.00	
July 27	D. C. Road, contract No. 442	43297	25.00	25.00	
July 27	D. E. Woodbridge, leases Nos. 2097, 2098, 2099, 3000 and 3001	43298	25.00	25.00	
July 27	A. W. Taussig, lease No. 3002	43507	25.00	25.00	
July 29	A. W. Taussig, lease No. 3003	43517	200.00	200.00	
July 29	C. A. Congdon, contracts Nos. 362, 363, 355, 356 and 300	43518	100.00	100.00	
July 29	C. A. Congdon, contract No. 428	43519	200.00	200.00	
July 31	C. A. Congdon, contracts Nos. 415 and 416	43519	400.00	400.00	
July 31	Alex. Matiland, contracts Nos. 364, 365, 305 and 367	43501	100.00	100.00	
July 31	D. C. Road, contracts Nos. 391 and 392	43528	100.00	100.00	
Totals				\$8,829.00	\$2,925.00
				\$1,775.00	\$13,520.00

PAYMENTS INTO THE TREASURY FROM MINERAL LEASES AND CONTRACTS ON STATE LANDS FOR THE YEAR ENDING JULY 31, 1902.

Date of Payment.	FROM WHAT SOURCE RECEIVED.	No. of Auditor's Dft.	Perma- nent School Fund.	Perma- nent University Fund.	Int. Imp. Land Fund.	State Insti- tutions Fund.	Swamp Land Fund.	Totals.
1901.								
Aug. 2	F. A. Dalley, annual payment for 1901 on contract No. 174.	43483	\$100.00					\$100.00
Aug. 2	Isabel McDonald and Charles Anderson, annual payment on con- tract No. 384.	43516		\$100.00		\$100.00		100.00
Aug. 2	Mesabe Chief Iron Co., annual payment on contract No. 298.	43543						100.00
Aug. 2	Eastern Railway Co., annual payment on contracts Nos. 374 to 381, inclusive, and No. 399.	43544	400.00	500.00				900.00
Aug. 6	Fred N. Dickson, lease No. 3004.	43531	25.00	100.00				100.00
Aug. 6	Geo. H. Crosby, annual payment on contract No. 282.	43530				25.00		25.00
Aug. 6	H. C. Nichols, lease No. 3047.	43553		25.00				25.00
Aug. 6	C. W. Meyers, leases Nos. 3005 and 3008.	43554				100.00		100.00
Aug. 6	Chemung Iron Co., first annual payment on contract No. 443.	43555						95.00
Aug. 8	John J. McAuliffe, lease No. 3008.	43557		100.00				100.00
Aug. 9	Fred. O. Harris, first annual payment on contract No. 444.	43563				25.00		25.00
Aug. 9	E. F. Toyne, lease No. 3010.	43573	25.00					25.00
Aug. 12	John G. Brown, Athol M. Miller and Alf. Merritt, contracts Nos. 385 and 386.	43575	200.00					200.00
Aug. 13	J. H. Baker, contracts Nos. 385, 397 and 398.	43544	300.00					300.00
Aug. 13	Fred. O. Harris, lease No. 3011.	43576	25.00					25.00
Aug. 13	T. R. Eastman, lease No. 3012.	43577	25.00					25.00
Aug. 15	Fred N. Dickson, leases Nos. 3013 and 3014.	43578	50.00					50.00
Aug. 15	Marcus L. Fay, contract No. 346.	43581			100.00			100.00
Aug. 16	J. H. Baker, lease No. 3009.	43570	25.00					25.00
Aug. 16	C. P. Stow, lease No. 3015.	43587				25.00		25.00
Aug. 22	J. H. Baker, leases Nos. 3017, 3018 and 3019.	43588	75.00					75.00
Aug. 22	C. W. and E. L. Bradley, lease No. 3016.	43589				25.00		25.00
Aug. 26	Fred. O. Harris, lease No. 3020.	43592	25.00					25.00
Aug. 26	Charles H. Nichols, lease No. 3021.	43595						25.00
Aug. 29	T. B. Lewis, contract No. 445.	43599	100.00					100.00
Sept. 7	W. C. Sargent, leases Nos. 3022 to 3026, inclusive.	43607	25.00	100.00				125.00
Sept. 7	Harry J. George, lease No. 3028.	43612	25.00					25.00
Sept. 7	J. A. Kennedy, lease No. 3029.	43613	25.00					25.00
Sept. 7	E. J. Emerson, lease No. 3030.	43614	25.00					25.00
Sept. 7	W. H. Eaton, lease No. 3031.	43615	25.00					25.00
Sept. 10	Henry L. Little, leases Nos. 3032 to 3037, inclusive.	43617	100.00					100.00
Sept. 10	C. H. and E. L. Bradley, contracts Nos. 3038 to 372, inc., and No. 382.	43628	600.00					600.00
Sept. 13	W. D. Washburn, Jr., leases Nos. 3038 and 3039.	43627	50.00					50.00
Sept. 16	Hiram W. Shibley, contracts Nos. 239 and 240.	43626	200.00					200.00
Sept. 20	C. E. Foley, et al, lease No. 3040.	43652	25.00					25.00
Sept. 20	J. R. Waller, et al, lease No. 3041.	43645	25.00					25.00
Oct. 2	Charles Nichols, contract No. 446.	43688				100.00		100.00

Oct.	4	W. H. Meyre, lease No. 3042.....	438399	25.00			25.00
Oct.	5	John A. Keyes, leases Nos. 3046 and 3047.....	43702	50.00			50.00
Oct.	5	A. Yale and G. Paine, lease No. 3043.....	43703	25.00			25.00
Oct.	5	Chas. Nichols, leases Nos. 3044 and 3045.....	43704	50.00			50.00
Oct.	7	Herman Krause, lease No. 3040.....	43700	25.00			25.00
Oct.	8	P. H. Rahilly, lease No. 3030.....	43716	100.00		25.00	100.00
Oct.	9	Wm. Getty, et al., contract No. 447.....	43723	100.00			100.00
Oct.	10	Ming M. Findle, contracts Nos. 448 and 449.....	43728	200.00			200.00
Oct.	12	B. H. Smith and A. H. Alford, lease No. 3031.....	43731	25.00			25.00
Oct.	13	T. J. Monahan, contract No. 353.....	43734	100.00			100.00
Oct.	23	Delta Mining Co., contract No. 451.....	43749	100.00			100.00
Oct.	24	J. H. Baker, contracts Nos. 420, 421 and 422.....	43764	300.00			300.00
Oct.	26	T. J. Monahan, contract No. 354.....	43763	100.00			100.00
Oct.	26	W. T. James, contract No. 347.....	43773	100.00			100.00
Oct.	30	A. F. De Steiger, contract No. 452.....	43778	100.00			100.00
Nov.	6	Johnson Nickel Mining Co., contract No. 337.....	43785	100.00			100.00
Nov.	7	J. S. Von Vilet, leases Nos. 3052, 3053 and 3054.....	43796	100.00			100.00
Nov.	8	P. H. Rahilly, lease No. 3055.....	43800	75.00			75.00
Nov.	9	W. J. Bates, leases Nos. 3056 and 3057.....	43802	25.00			25.00
Nov.	16	W. E. Graham, lease No. 3059.....	43818	50.00			50.00
Nov.	16	W. A. Hammond, lease No. 3060.....	43845	25.00			25.00
Nov.	20	Lando F. Grau, leases Nos. 3061, 3062, 3063 and 3064.....	43901	100.00			100.00
Nov.	20	A. M. Chisholm, J. Geary and L. T. Flynn, lease No. 3058.....	43901	100.00			100.00
Nov.	25	Edwin C. Garrigues, leases Nos. 3066, 3067, 3068 and 3069.....	43985	25.00		25.00	25.00
Nov.	26	Jas. S. Lane, lease No. 3070.....	43988	100.00			100.00
Nov.	26	Mark D. Lane, lease No. 3072.....	44008	25.00			25.00
Nov.	26	Frank Healey, leases Nos. 3071 and 3073.....	44027	50.00			50.00
Dec.	3	E. A. Brown, contract No. 473.....	44028	100.00			100.00
Dec.	3	W. A. Hammond, leases Nos. 3076 and 3077.....	44090	50.00			50.00
Dec.	9	C. H. Nichols, lease No. 3078.....	44107	50.00			50.00
Dec.	11	J. J. McAuliffe, J. S. Lane, Frank Healy and Mabel Evans, lease No. 3079.....	44121	25.00		25.00	25.00
Dec.	12	John J. McAuliffe, lease No. 3081.....	44180	25.00			25.00
Dec.	14	Geo. N. Holland, lease No. 3082.....	44180	25.00		25.00	25.00
Dec.	19	L. H. McCheney, lease No. 3089.....	44194	50.00			50.00
Dec.	19	Martin Holden, leases Nos. 3087 and 3088.....	44195	50.00			50.00
Dec.	19	H. E. Graham, W. B. Andolin and Frank Healey, lease No. 3060.....	44196	50.00			50.00
Dec.	20	C. H. and E. L. Bradley, lease No. 3083.....	44203	25.00			25.00
Dec.	20	Wm. C. Sargent, lease No. 3084.....	44204	25.00			25.00
Dec.	21	Edmund J. Longyear, contract No. 400.....	44207	100.00		100.00	100.00
Dec.	24	Charles Nichols, lease No. 3090.....	44214	100.00			100.00
Dec.	31	A. M. Chisholm, contract No. 461.....	44217	100.00			100.00
Dec.	31	Oliver Iron Mining Co., contract No. 462.....	44281	100.00			100.00
1892.	3	Jas. McCallill, lease No. 3091.....	44291	200.00		25.00	25.00
Jan.	6	Delta Mining Co., contracts Nos. 463 and 464.....	44318	50.00			50.00
Jan.	7	L. R. Martin, leases Nos. 3093 and 3094.....	44331	25.00			25.00
Jan.	9	F. R. Olson, lease No. 3092.....	44308	25.00			25.00

**PROCEEDINGS**  
OF  
**STATE BOARD OF EQUALIZATION.**

SESSION OF 1902.

FIRST DAY.

ST. PAUL, Tuesday, Sept. 2, 1902.

In accordance with the laws of the State of Minnesota, the persons comprising the State Board of Equalization met at the state auditor's office in the Capitol building this day, the following being present:

F. I. Johnson of Cannon Falls, Goodhue county, representing the First judicial district.

Joseph McKibbin of St. Paul, Ramsey county, representing the Second judicial district.

J. G. Lawrence of Wabasha, Wabasha county, representing the Third judicial district.

Emerson Cole of Minneapolis, Hennepin county, representing the Fourth judicial district.

George S. Brainerd of Blooming Prairie, Steele county, representing the Fifth judicial district.

Nels J. Nelson of Sveadahl, Watonwan county, representing the Sixth judicial district.

C. M. Sprague of Sauk Centre, Stearns county, representing the Seventh judicial district.

Fred Greiner of Chaska, Carver county, representing the Eighth judicial district.

Thomas Hodson of Nicollet, Nicollet county, representing the Ninth judicial district.

O. G. Laugen of Caledonia, Houston county, representing the Tenth judicial district.

J. E. Cooley of Duluth, St. Louis county, representing the Eleventh judicial district.

I. L. Phillely of Louisberg, Lac qui Parle county, representing the Twelfth judicial district.

H. M. Palm of Worthington, Nobles county, representing the Thirteenth judicial district.

N. S. Gordon of Crookston, Polk county, representing the Fourteenth judicial district.

F. M. Shook of Aitkin, Aitkin county, representing the Fifteenth judicial district.

G. C. Thorpe of Hancock, Stearns county, representing the Sixteenth judicial district.

A. H. Strong of Jackson, Jackson county, representing the Seventeenth judicial district.

Daniel Anderson of Cambridge, Isanti county, representing the Eighteenth judicial district.

Also Gov. S. R. Van Sant, State Auditor R. C. Dunn and Attorney General W. B. Douglas, members ex-officio.

The members from the various districts having taken and subscribed to the oath prescribed by law, Gov. Van Sant called the board to order at 2 o'clock p. m.

Mr. C. M. Sprague was elected as chairman of the board, and J. E. Cooley and I. L. Philley were chosen as recording and reading clerks, respectively.

State Auditor Dunn laid before the board the abstracts of the assessment of real and personal property from the various counties of the state for the year 1902; also the special returns from the auditors of the various counties of the assessments in the various counties in Classes 16, 17, 18 and 27 of the personal property schedule, amounting to \$3,000 and over, which he was, by resolution of the last board, requested to secure and present to this board. He also reported that the telegraph companies had not as yet made report to his office, as required by law, for consideration by this board in fixing their assessment; also that the State Supreme Court had declared as unconstitutional the law providing for a tax on freight line and equipment companies, on a valuation to be fixed by this board, and that hence there were no reports from said companies for consideration by the board this year.

On motion the chairman was authorized and directed to appoint committees for consideration of following classes of assessment, viz.:

Goods and merchandise,  
Logs and lumber,  
Banks and credits,  
Public service corporations,  
Real estate,

and to announce the same not later than Monday, September 8.

On motion the board adjourned to Wednesday morning at 10 o'clock.

#### SECOND DAY.

Wednesday morning, September 3, 1902, 10 o'clock; no quorum present. Adjourned to Thursday morning at 10 o'clock.

#### THIRD DAY.

Thursday morning, September 4, 1902, 10 o'clock; no quorum present. Adjourned to Friday morning at 10 o'clock.

#### FOURTH DAY.

Friday morning, September 5, 1902, 10 o'clock; no quorum present. Adjourned to Saturday morning at 10 o'clock.

#### FIFTH DAY.

Saturday morning, September 6, 1902, 10 o'clock; no quorum present. Adjourned to Monday morning at 10 o'clock.

#### SIXTH DAY.

Monday morning, September 8, 1902, 10 o'clock; quorum present. Chairman Sprague announced his appointment of committees as follows:

Goods and Merchandise—H. M. Palm, chairman; F. M. Shook, G. C. Thorpe, D. Anderson and Joseph McKibbin.

Logs and Lumber—Emerson Cole, chairman; Thomas Hodson, Nels J. Nelson, O. G. Laugen and G. S. Brainerd.

Banks and Credits—J. G. Lawrence, chairman; I. L. Philley, Fred Greiner, F. I. Johnson and C. M. Sprague.

Public Service Corporations—J. E. Cooley, chairman; Emerson Cole, Joseph McKibbin, N. S. Gordon and C. M. Sprague.

Real Estate—F. I. Johnson, chairman; F. M. Shook, N. S. Gordon, D. Anderson and A. H. Strong.

The day was spent in committee of the whole and adjournment taken to Tuesday morning at 10 o'clock.

## SEVENTH DAY.

Tuesday morning, September 9, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Wednesday morning at 10 o'clock.

## EIGHTH DAY.

Wednesday morning, September 10, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Thursday morning at 10 o'clock.

## NINTH DAY.

Thursday morning, September 11, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Friday morning at 10 o'clock.

## TENTH DAY.

Friday morning, September 12, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Saturday morning at 10 o'clock.

## ELEVENTH DAY.

Saturday morning, September 13, 1902, 10 o'clock; no quorum present. Adjourned to Monday morning at 10 o'clock.

## TWELFTH DAY.

Monday morning, September 15, 1902, 10 o'clock; no quorum present. Adjourned to Tuesday morning at 10 o'clock.

## THIRTEENTH DAY.

Tuesday morning, September 16, 1902, 10 o'clock; no quorum present. Adjourned to Wednesday morning at 10 o'clock.

## FOURTEENTH DAY.

Wednesday morning, September 17, 1902, 10 o'clock; no quorum present. Adjourned to Thursday morning at 10 o'clock.

## FIFTEENTH DAY.

Thursday morning, September 18, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Friday morning at 10 o'clock.

## SIXTEENTH DAY.

Friday morning, September 19, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Saturday morning at 10 o'clock.

## SEVENTEENTH DAY.

Saturday morning, September 20, 1902, 10 o'clock; no quorum present. Adjourned to Monday morning at 10 o'clock.

## EIGHTEENTH DAY.

Monday morning, September 22, 1902, 10 o'clock; no quorum present. Adjourned to Tuesday morning at 10 o'clock.

## NINETEENTH DAY.

Tuesday morning, September 23, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Wednesday morning at 10 o'clock.

## TWENTIETH DAY.

Wednesday morning, September 24, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Thursday morning at 10 o'clock.

## TWENTY-FIRST DAY.

Thursday morning, September 25, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Friday morning at 10 o'clock.

## TWENTY-SECOND DAY.

Friday morning, September 26, 1902, 10 o'clock; no quorum present. Adjourned to Saturday morning at 10 o'clock.

## TWENTY-THIRD DAY.

Saturday morning, September 27, 1902, 10 o'clock; no quorum present. Adjourned to Monday morning at 10 o'clock.

## TWENTY-FOURTH DAY.

Monday morning, September 29, 1902, 10 o'clock; no quorum present. Adjourned to Tuesday morning at 10 o'clock.

## TWENTY-FIFTH DAY.

Tuesday morning, September 30, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Wednesday morning at 10 o'clock.

## TWENTY-SIXTH DAY.

Wednesday morning, October 1, 1902, 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Thursday morning at 10 o'clock.

## TWENTY-SEVENTH DAY.

Thursday morning, October 2, 1902, 10 o'clock; quorum present. Mr. Cooley, chairman of the committee on public service corporations, for and in behalf of said committee, offered the following resolution and moved its adoption by the board, viz.:

*Resolved*, By the state board of equalization, that the amount of the assessment of telegraph companies be fixed as follows, viz.:

Western Union Telegraph Co.....	\$1,000,000.00
North American Telegraph Co.....	100,000.00

And that the rate of taxation is hereby fixed at the rate of 25 mills on the dollar; provided, however, that should the average rate of taxation for the state (as shown by the abstracts of tax lists of the several counties) be less than the rate herein fixed, then, and in that case, the state auditor shall make his draft upon said companies based upon such average rate for the entire state.

No one appearing or being heard in opposition thereto, said resolution was adopted by unanimous vote. The balance of the day was spent in committee of the whole and adjournment taken to Friday morning at 10 o'clock.

## TWENTY-EIGHTH DAY.

Friday morning, October 3, 1902, 10 o'clock; quorum present. The forenoon was spent in committee of the whole. In the afternoon the assessment of certain public service corporations in St. Paul and Minneapolis was considered.

In the matter of the assessment of the Minneapolis General Electric Co., Mr. Cooley, chairman of committee on public service corporations, moved that the assessment of said company as equalized by the city board of Minneapolis at \$569,930 be not changed by the board, and that said assessment of \$569,930 be passed by this board at said figure. State Auditor Dunn opposed the motion, and advocated increasing the assessment to \$628,530, being the figures at which the assessment was fixed by the city assessor of Minneapolis. After some discussion a vote was taken on Mr. Cooley's motion, and the roll being called there were yeas 12, and nays 8, as follows:

Yeas—Johnson, McKibbin, Cole, Sprague, Greiner, Hodson, Cooley, Gordon, Shook, Thorpe, Anderson and Van Sant; total, 12.

Nays—Lawrence, Brainerd, Nelson, Laugen, Philley, Palm, Strong and Dunn; total, 8.

Absent—Douglas.

So Mr. Cooley's motion was carried, and the assessment of said Minneapolis General Electric Co. was not changed, but was passed as returned to this board at \$569,930.

In the matter of the assessment of the St. Paul Gas Light Co., Mr. Cooley, chairman of the committee on public service corporations, for and in behalf of said committee, offered the following resolution and moved its adoption, viz.:

*Resolved*, By the state board of equalization of the State of Minnesota, that the assessment and valuation of the capital stock of the St. Paul Gas Light Co., a corporation created, organized and existing under the laws of the State of Minnesota, assessed in the County of Ramsey, State of Minnesota, be and the same is hereby increased to and fixed by the state board of equalization at \$900,000.00, subject to a deduction therefrom of the value of the property specified in Items 6 and 7 of Section 1530 of the General Statutes of the State of Minnesota of 1894, the property in said items being subject to specific taxation, as provided by said section and by the laws of the State of Minnesota; and the state auditor of this state is directed to transmit to the county auditor of said Ramsey county a duly certified copy of this resolution.

No one appearing or being heard in opposition thereto, said resolution was adopted by unanimous vote.

In the matter of the assessment of the Minneapolis Gas Light Co., Mr. Cooley, chairman of the committee on public corporations, for and in behalf of said committee, offered the following resolution, and moved its adoption by the board, viz.:

*Resolved*, By the state board of equalization of the State of Minnesota, that the assessment and valuation of the capital stock of the Minneapolis Gas Light Co., a corporation created, organized and existing under the laws of the State of Minnesota, assessed in the County of Hennepin, State of Minnesota, be and the same is hereby increased to and fixed by the state board of equalization at \$900,000.00, subject to a deduction therefrom of the value of the property specified in Items 6 and 7 of Section 1530 of the General Statutes of the State of Minnesota of 1894, the property in said items being subject to specific taxation, as provided by said section and by the laws of the State of Minnesota; and the state auditor of this state is directed to transmit to the county auditor of said Hennepin county a duly certified copy of this resolution.

Mr. Levings, of Minneapolis, a representative of said company, appeared before the board and was heard at some length in opposition to the resolution, he claiming that the valuation proposed was excessive. After some discussion a vote was taken on Mr. Cooley's motion to adopt the resolution, and the roll being called there were yeas 18, and nays 1, as follows:

Yeas—Johnson, McKibbin, Lawrence, Cole, Brainerd, Nelson, Sprague, Greiner, Hodson, Laugen, Cooley, Philley, Palm, Gordon, Shook, Thorpe, Strong and Van Sant; total, 18.

Nays—Anderson; total, 1.

Absent or Not Voting—Dunn, Douglas; total, 2.

So the resolution was adopted.

In the matter of the assessment of the St. Paul City Railway Co. and of the Minneapolis Street Railway Co., Mr. Cooley, chairman of the committee on public service corporations, for and in behalf of said committee, offered the following resolutions, and moved their adoption by the board, viz.:

*Resolved.* By the state board of equalization of the State of Minnesota, that the assessment and valuation of the capital stock of the St. Paul City Railway Co., a corporation created, organized and existing under the laws of the State of Minnesota, assessed in the County of Ramsey, State of Minnesota, be and the same is hereby increased to and fixed by the state board of equalization at \$2,336,567, subject to a deduction therefrom of the value of the property specified in Items 6 and 7 of Section 1530 of the General Statutes of the State of Minnesota of 1894, the property in said items being subject to specific taxation, as provided by said section and by the laws of the State of Minnesota; and the state auditor of this state is directed to transmit to the county auditor of said Ramsey county a duly certified copy of this resolution.

*Resolved.* By the state board of equalization of the State of Minnesota, that the assessment and valuation of the capital stock of the Minneapolis Street Railway Co., a corporation created, organized and existing under the laws of the State of Minnesota, assessed in the County of Hennepin, State of Minnesota, be and the same is hereby increased to and fixed by the state board of equalization at \$3,105,065, subject to a deduction therefrom of the value of the property specified in Items 6 and 7 of Section 1530 of the General Statutes of the State of Minnesota of 1894, the property in said items being subject to specific taxation, as provided by said section and by the laws of the State of Minnesota; and the state auditor of this state is directed to transmit to the county auditor of said Hennepin county a duly certified copy of this resolution.

Mr. M. D. Munn, of St. Paul, representing said companies, appeared before the board and was heard at some length in opposition to the resolutions, he claiming that the valuations proposed were excessive. State Auditor Dunn spoke at some length in opposition to the resolutions, he claiming that the valuations proposed were not high enough, and that the total assessment of the two companies should be at least \$7,000,000.00. After some discussion a vote was taken on Mr. Cooley's motion to adopt the resolution, and the roll being called there were yeas 14, and nays 6, as follows:

Yeas—Johnson, McKibbin, Cole, Nelson, Sprague, Greiner, Hodson, Cooley, Palm, Gordon, Shook, Thorpe, Anderson and Van Sant; total, 14.

Nays—Lawrence, Brainerd, Laugen, Philley, Strong and Dunn; total, 6.

Absent—Douglas.

So the resolutions were adopted.

On motion board adjourned to Saturday morning at 10 a. m.

#### TWENTY-NINTH DAY.

Saturday morning, October 4, 1902, 10 o'clock; quorum present. Mr. Palm offered the following resolution:

*Resolved.* By the state board of equalization, that the state auditor be, and he is hereby requested to secure from the auditors of the various counties in the state and to present to this board at its session in 1903 lists of assessments made in each county in the year 1903 in Classes 16, 17, 18 and 27 of the personal property schedule amounting to \$3,000 and over and any other information relative thereto.

Which was adopted by unanimous vote.

After a short time spent in committee of the whole, the committee rose and reported, recommending that the assessed value of the personal and real property in the various counties in the state for the year 1902, as equalized by the various local boards of equalization and reported by the various county auditors to this board, be changed as follows, viz.:

The report of the committee of the whole was accepted, and on motion the same was adopted, and by unanimous vote it was ordered that the value of the personal and real property of the state for the year 1902 be changed as recommended by said report, and that the resulting values, together with the values which have not been changed hereby, be adopted as the established values of the personal and real property in the state for the year 1902.

There appearing to be no further business to be transacted, the board, then, on motion adjourned *sine die*.

PROCEEDINGS  
OF THE  
**STATE BOARD OF EQUALIZATION.**  
SESSION OF 1901.

FIRST DAY.

ST. PAUL, Tuesday, Sept. 3, 1901.

In accordance with the laws of the State of Minnesota, the persons comprising the State Board of Equalization met at the state auditor's office in the Capitol building this day, the following being present:

Chas. Betcher of Goodhue county, representing the First judicial district.

Joseph McKibbin of Ramsey county, representing the Second judicial district.

J. G. Lawrence of Wabasha county, representing the Third judicial district.

Emerson Cole of Hennepin county, representing the Fourth judicial district.

A. G. Leick of Steele county, representing the Fifth judicial district.

Nels J. Nelson of Watonwan county, representing the Sixth judicial district.

C. M. Sprague, of Stearns county, representing the Seventh judicial district.

Fred Greiner of Carver county, representing the Eighth judicial district.

Joseph Diepolder of Nicollet county, representing the Ninth judicial district.

O. G. Laugen of Houston county, representing the Tenth judicial district.

J. C. Mischler of St. Louis county, representing the Eleventh judicial district.

I. L. Philley of Lac qui Parle county, representing the Twelfth judicial district.

H. M. Palm, of Nobles county, representing the Thirteenth judicial district.

N. S. Gordon of Polk county, representing the Fourteenth judicial district.

J. N. Marr of Aitkin county, representing the Fifteenth judicial district.

G. C. Thorpe of Stevens county, representing the Sixteenth judicial district.

C. N. Peterson of Martin county, representing the Seventeenth judicial district.

Daniel Anderson of Isanti county, representing the Eighteenth judicial district.

Also, Gov. S. R. Van Sant, State Auditor R. C. Dunn and Attorney General W. B. Douglas, members *ex-officio*.

The members from the various districts having taken and subscribed to the oath prescribed by law, Gov. Van Sant called the board to order at 2 o'clock p. m.

On motion Mr. Betcher of Goodhue county was elected president *pro tem.*, and Mr. Philley of Lac qui Parle county was elected secretary *pro tem.*

State Auditor Dunn laid before the board the abstracts of assessment of personal property from the various counties of the state; also all statements of freight lines and equipment companies and of telegraph companies that had been filed in his office; also the special returns from the auditors of the

various counties of the assessments in the various counties under Classes 16 and 17 of the personal property schedule amounting to \$3,000 and over, which he was, by resolution of the last board, requested to secure and present to this board.

On motion the board adjourned to Wednesday morning at 10 a. m.

SECOND DAY.

Wednesday morning, September 4, at 10 o'clock; no quorum present. Adjourned to Thursday morning at 10 o'clock.

THIRD DAY.

Thursday morning, September 5, at 10 o'clock; no quorum present. Adjourned to Friday morning at 10 o'clock.

FOURTH DAY.

Friday morning, September 6, at 10 o'clock; quorum present. The day was spent in committee of the whole, examining and considering the abstracts of assessment, and adjournment taken to Saturday morning at 10 o'clock.

FIFTH DAY.

Saturday morning, September 7, at 10 o'clock; no quorum present. Adjourned to Monday afternoon at 2 o'clock.

SIXTH DAY.

Monday afternoon, September 9, at 2 o'clock; quorum present. The afternoon was spent in committee of the whole, and adjournment taken to Tuesday morning at 10 o'clock.

SEVENTH DAY.

Tuesday morning, September 10, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Wednesday morning at 10 o'clock.

EIGHTH DAY.

Wednesday morning, September 11, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Thursday morning at 10 o'clock.

NINTH DAY.

Thursday morning, September 12, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Friday morning at 10 o'clock.

TENTH DAY.

Friday morning, September 13, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Saturday morning at 10 o'clock.

ELEVENTH DAY.

Saturday morning, September 14, at 10 o'clock; no quorum present. Adjourned to Monday afternoon at 2 o'clock.

TWELFTH DAY.

Monday afternoon, September 16, at 2 o'clock; no quorum present. Adjourned to Tuesday morning at 10 o'clock.

THIRTEENTH DAY.

Tuesday morning, September 17, at 10 o'clock; no quorum present. Adjourned to Wednesday morning at 10 o'clock.

FOURTEENTH DAY.

Wednesday morning, September 18, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Thursday morning at 10 o'clock.

FIFTEENTH DAY.

Thursday morning, September 19, at 10 o'clock; no quorum present. Adjourned to Friday morning at 10 o'clock.

## SIXTEENTH DAY.

Friday morning, September 20, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Saturday morning at 9 o'clock.

## SEVENTEENTH DAY.

Saturday morning, September 21, at 9 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Monday afternoon at 2 o'clock.

## EIGHTEENTH DAY.

Monday afternoon, September 23, at 2 o'clock; quorum present. The afternoon was spent in committee of the whole, and adjournment taken to Tuesday morning at 10 o'clock.

## NINETEENTH DAY.

Tuesday morning, September 24, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Wednesday morning at 10 o'clock.

## TWENTIETH DAY.

Wednesday morning, September 25, at 10 o'clock; quorum present. The day was spent in committee of the whole, and adjournment taken to Thursday morning at 10 o'clock.

## TWENTY-FIRST DAY.

Thursday morning, September 26, at 10 o'clock; quorum present. Mr. Palm offered the following resolution:

*Resolved*, That in counties where the number of dogs has not been reported to the state auditor, or where no value has been fixed thereon, the county auditors be instructed to place all dogs that have been reported by the assessors on the tax list with a value of not less than \$5 each.

Which was adopted by a unanimous vote.

Mr. Palm offered the following resolution:

*Resolved*, That the state auditor be requested to instruct the county auditors to take proper and efficient steps that the property of private bankers which had been omitted in their respective counties be assessed at its proper value and placed upon the tax list for the year 1901.

Which was adopted by a unanimous vote.

Mr. Mischler offered the following resolution:

*Resolved*, By the state board of equalization, that the amount of the assessment of telegraph companies be fixed as follows, viz.:

Western Union Telegraph Co.....	\$1,000,000.00
North American Telegraph Co.....	100,000.00

And that the rate of taxation is hereby fixed at 25 mills on the dollar; provided, however, that should the average rate of taxation for the state (as shown by the abstracts of tax lists of the several counties) be less than the rate herein fixed, then, and in that case, the state auditor shall make his draft upon said companies based upon such average rate for the entire state.

Which was adopted by a unanimous vote.

Mr. Mischler offered the following resolution:

*Resolved*, By the state board of equalization, constituting a board of appraisers and assessors for the purpose of ascertaining and determining the amount and value of the proportion of the capital stock of freight line and equipment companies, representing capital and property of such companies owned or used in Minnesota, that the amount set opposite the name of each of the companies in the following schedule, viz.:

Armour Packing Co., Kansas City, Mo.....	\$5,000.00
American Refrigerator Transit Co., St. Louis, Mo.....	5,000.00
American Tank Line Co., Cleveland, O.....	500.00
Armour Car Lines, Chicago, Ill.....	6,000.00
American Cereal Co., Despatch, Chicago, Ill.....	1,000.00
Arms Palace Horse Car Co., Chicago, Ill.....	5,000.00
Anglo-American Refrigerator Car Co., Chicago, Ill.....	1,000.00
American Live Stock Transp. Co., Union Stock Yards, Chicago, Ill.....	1,000.00
Burton Stock Car Co., Boston, Mass.....	1,000.00
California Fruit Transportation Co., Chicago, Ill.....	2,000.00
California Fruit Express Co., Chicago, Ill.....	1,000.00
Canda Cattle Car Co., New York City, N. Y.....	24,000.00

Cedar Rapids Refrigerator Express Co., Cedar Rapids, Ia.....	2,000.00
Chicago, New York & Boston Refrigerator Co., Chicago.....	2,000.00
Cold Blast Transportation Co., Kansas City, Mo.....	500.00
Commerce Despatch Line, Chicago, Ill.....	2,500.00
Cornplanter Refrigerator Co.....	500.00
Continental Fruit Express, Chicago, Ill.....	3,000.00
Chicago Refrigerator Car Line, Chicago, Ill.....	2,000.00
Consolidated Cattle Car Co., Chicago, Ill.....	2,000.00
Cudahy Milwaukee Refrigerator Line, Milwaukee, Wis.....	1,200.00
Cudahy Packing Co., South Omaha, Neb.....	3,000.00
Dairy Dealers' Despatch, Chicago, Ill.....	2,000.00
Dold, Jacob Packing Co., Refrigerator Car Line, Kansas City, Mo.....	2,000.00
Express Coal Line, Atlanta, Ga.....	500.00
Hammond, The G. H. Co., Refrigerator Line, Hammond, Ind.....	3,000.00
Laurel Hill Car & Coal Co., Chicago, Ill.....	2,500.00
Lipton Car Lines, Union Stock Yards, Chicago, Ill.....	1,000.00
Morrill Refrigerator Line, Ottumwa, Ia.....	500.00
Menasha Wooden Ware Co., Menasha, Wis.....	1,000.00
Merchants Despatch Transportation Co., New York City.....	3,000.00
Milwaukee Manufacturing Co., Milwaukee, Wis.....	500.00
Mann Bros., Chicago, Ill.....	1,000.00
Morris, Nelson & Co, Chicago, Ill.....	1,500.00
National Rolling Stock Co., St. Louis, Mo.....	3,000.00
New England Car Co., Boston, Mass.....	2,500.00
Omaha Packing Co., South Omaha, Neb.....	3,000.00
Peavey Grain Line Co., Minneapolis, Minn.....	15,000.00
Peerless Transit Co., Cleveland, O.....	5,000.00
Provision Dealers' Despatch, Chicago, Ill.....	3,000.00
St. Charles Refrigerator Despatch.....	2,000.00

Street's Western Stable Car Line, Chicago, Ill.....	20,000.00
Swift Refrigerator Line, Union Stock Yards, Chicago, Ill.....	10,000.00
Two Rivers Manufacturing Co., Two Rivers, Wis.....	500.00
Union Refrigerator Transit Co., St. Louis, Mo.....	20,000.00
Union Tank Line, New York City, N. Y.....	50,000.00
Western Refrigerator Line, Chicago, Ill.....	500.00

Be and the same is hereby fixed upon and set as the amount and value of said proportion of capital stock owned or used in Minnesota.

Which was adopted by a unanimous vote.

Mr. Sprague offered the following resolution:

*Resolved*, By the state board of equalization, that the state auditor be, and he is hereby requested to secure from the auditors of the various counties in the state and to present to the board at its session in 1902 lists of assessments made in each county in the year 1902 in Classes 16, 17, 18 and 27 of the personal property schedule amounting to \$3,000 and over and any information relative thereto.

Which was adopted by a unanimous vote.

The balance of the day was spent in committee of the whole, and adjournment taken to Friday morning at 10 o'clock.

#### TWENTY-SECOND DAY.

Friday morning, September 27, at 10 o'clock; quorum present. The assessment of the Minneapolis Gas Light Co. was taken up. State Auditor Dunn moved that the assessment of the company be fixed at \$100,000, and offered a resolution to that effect. Mr. Cole moved to amend by increasing the assessment, as returned by the county board, \$46,829, making the total valuation \$650,000. The amendment prevailed by the following vote:

Yeas—Betcher, Lawrence, Cole, Nelson, Diepolder, Laugen, Thorpe, Peterson, Anderson; total, 9.

Nays—Leick, Sprague, Greiner, Mischler, Phillee, Palm, Marr, Dunn; total, 8.

Absent and Not Voting—McKibbin, Gordon, Van Sant, Douglas.

The balance of the day was spent in committee of the whole, and adjournment taken to Saturday morning at 10 o'clock.

#### TWENTY-THIRD DAY.

Saturday morning, September 28, at 10 o'clock; quorum present. After a time spent in committee of the whole, the committee rose and reported, recommending that the values shown in the abstracts of the personal property assessment of the several counties in the state be changed as follows,
